

UC 0136

THE ULTIMATE SOLDIER (PART I)

A CERTAIN PLACE, U.C. 0136

SO
THIS
IS...
WHERE ONE
OF THE
SURVIVING
PIRATES
IS LIVING.

I HAVE A
BIT OF A...
DANGEROUS
JOB I WANT
TO ENTRUST
TO YOU.

UC 0136

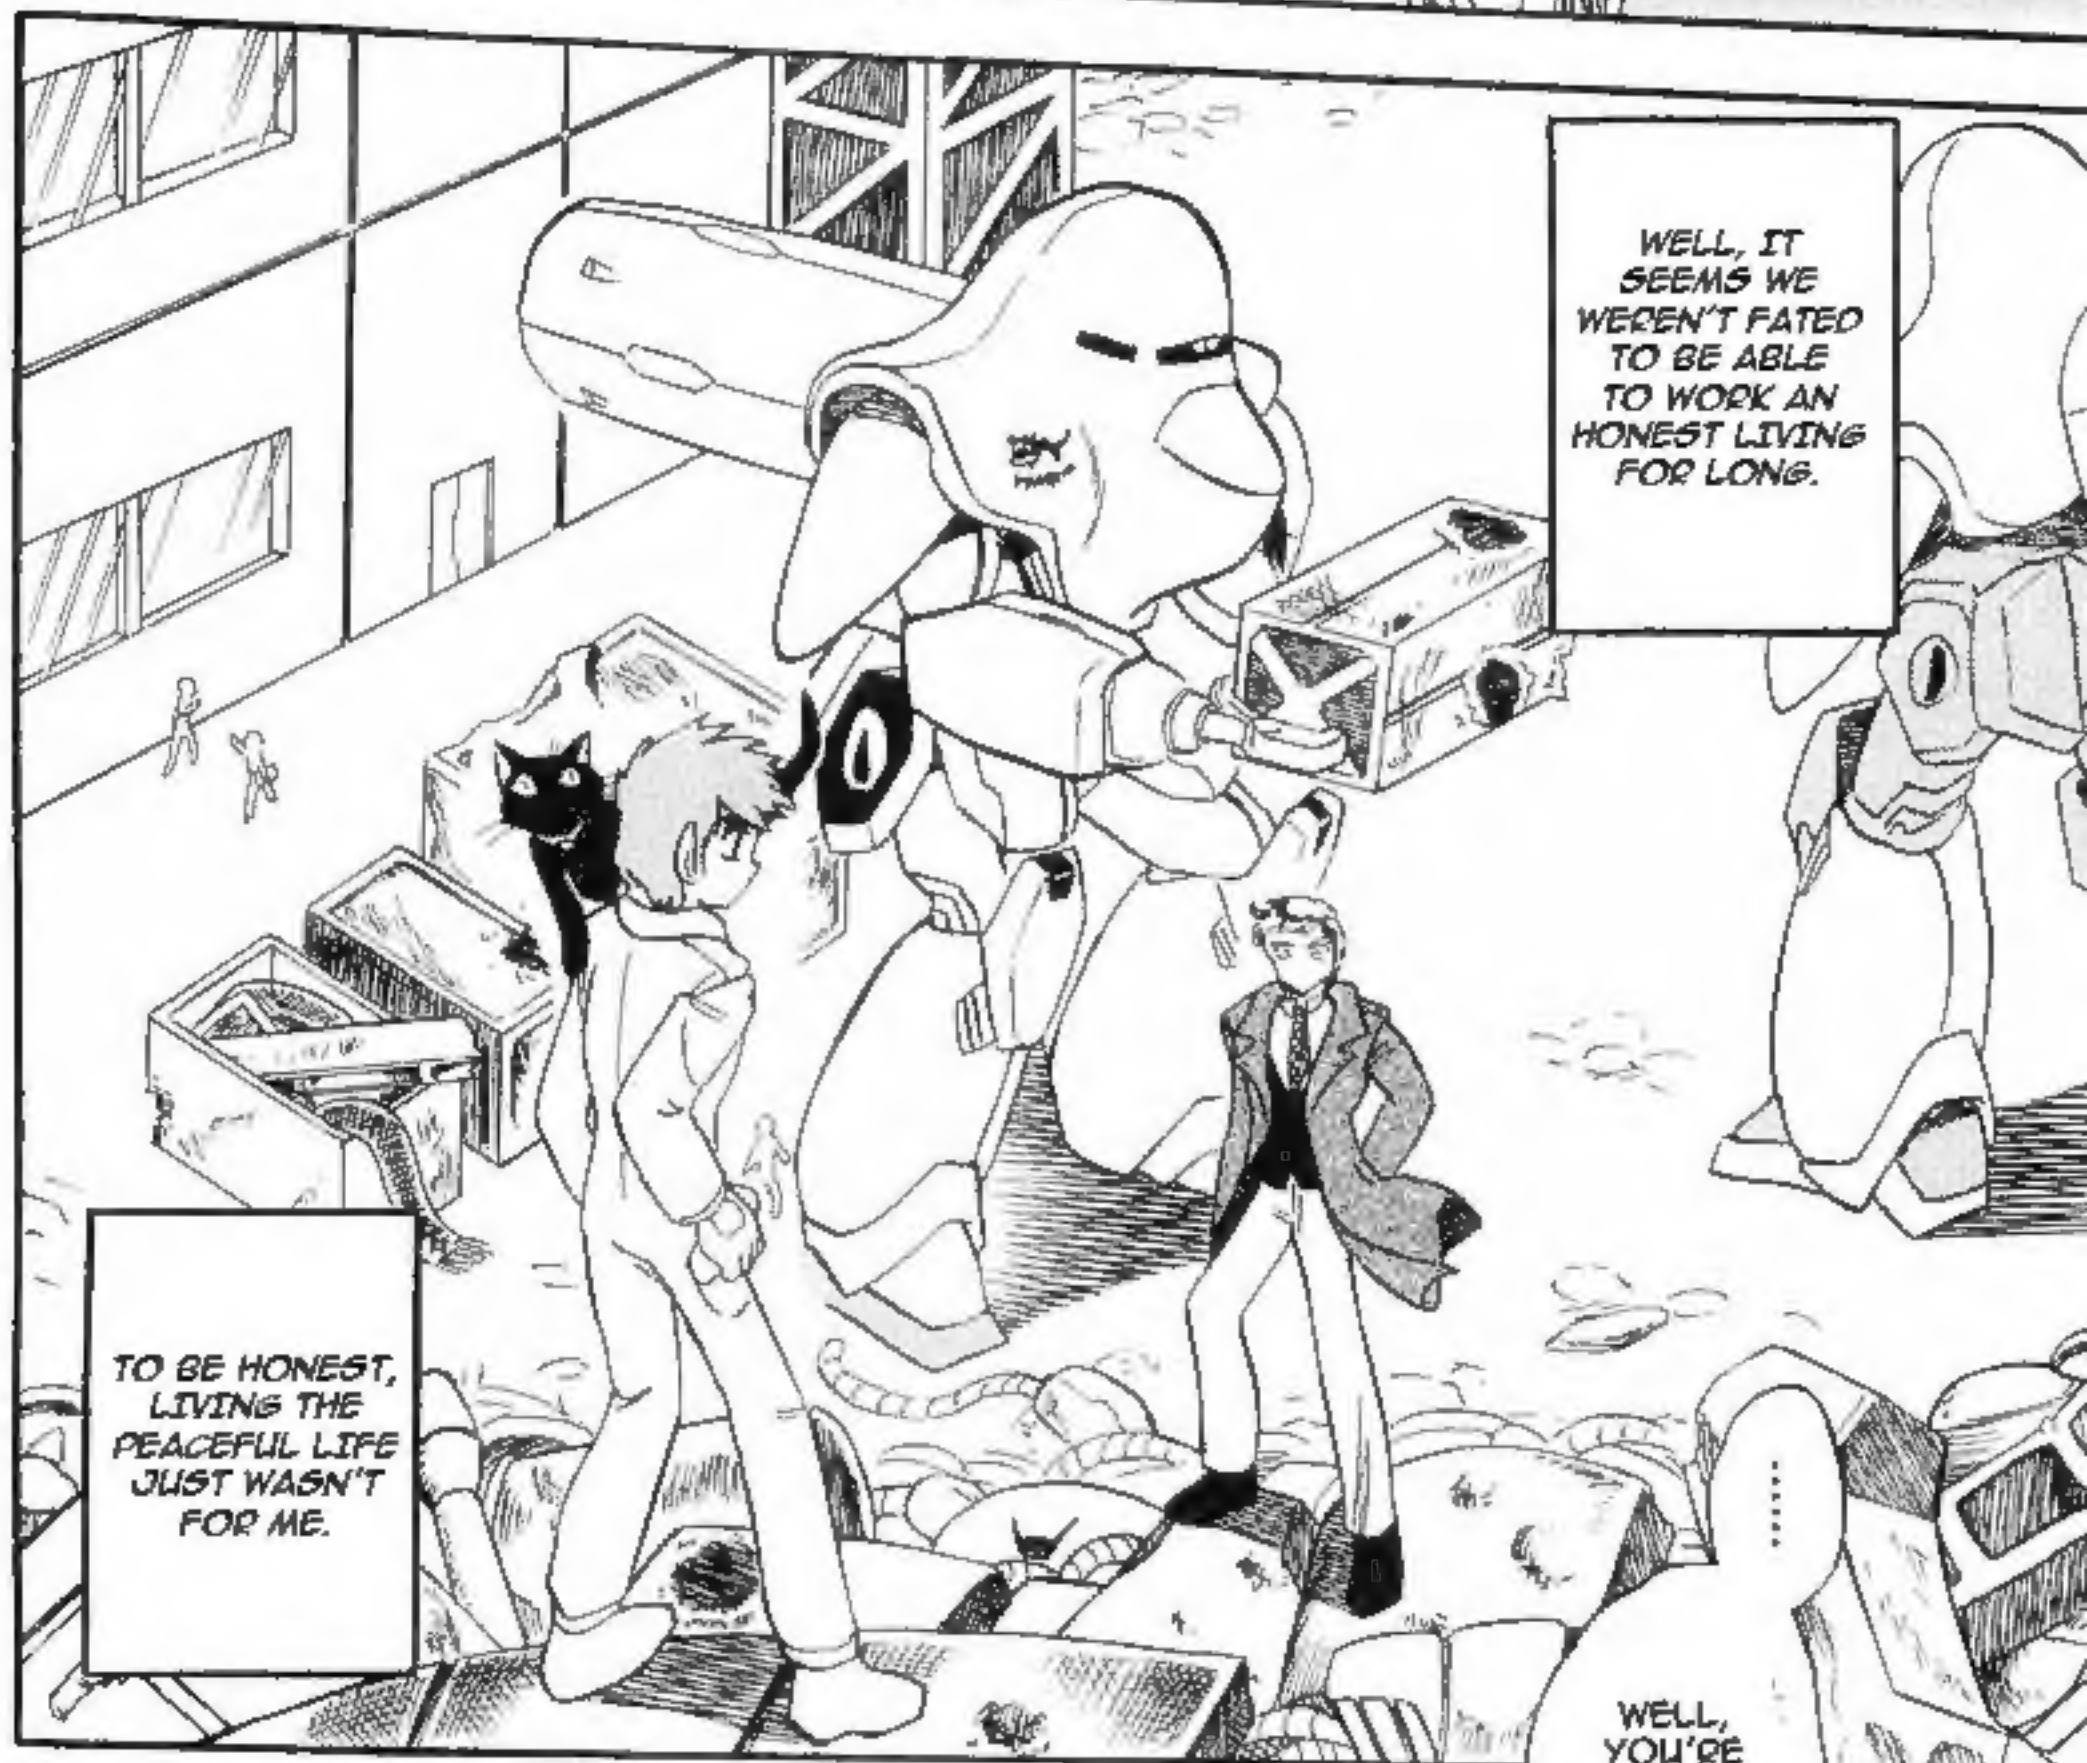

THE ULTIMATE SOLDIER (PART I)

AMURO
RAY...?

YES...
AMURO
RAY.

WELL, IT
SEEMS WE
WEREN'T FATED
TO BE ABLE
TO WORK AN
HONEST LIVING
FOR LONG.

TO BE HONEST,
LIVING THE
PEACEFUL LIFE
JUST WASN'T
FOR ME.

WELL,
YOU'RE
FREE TO
BELIEVE ME
OR NOT.

YOU'VE
ALWAYS
GOT THIS
MESS.

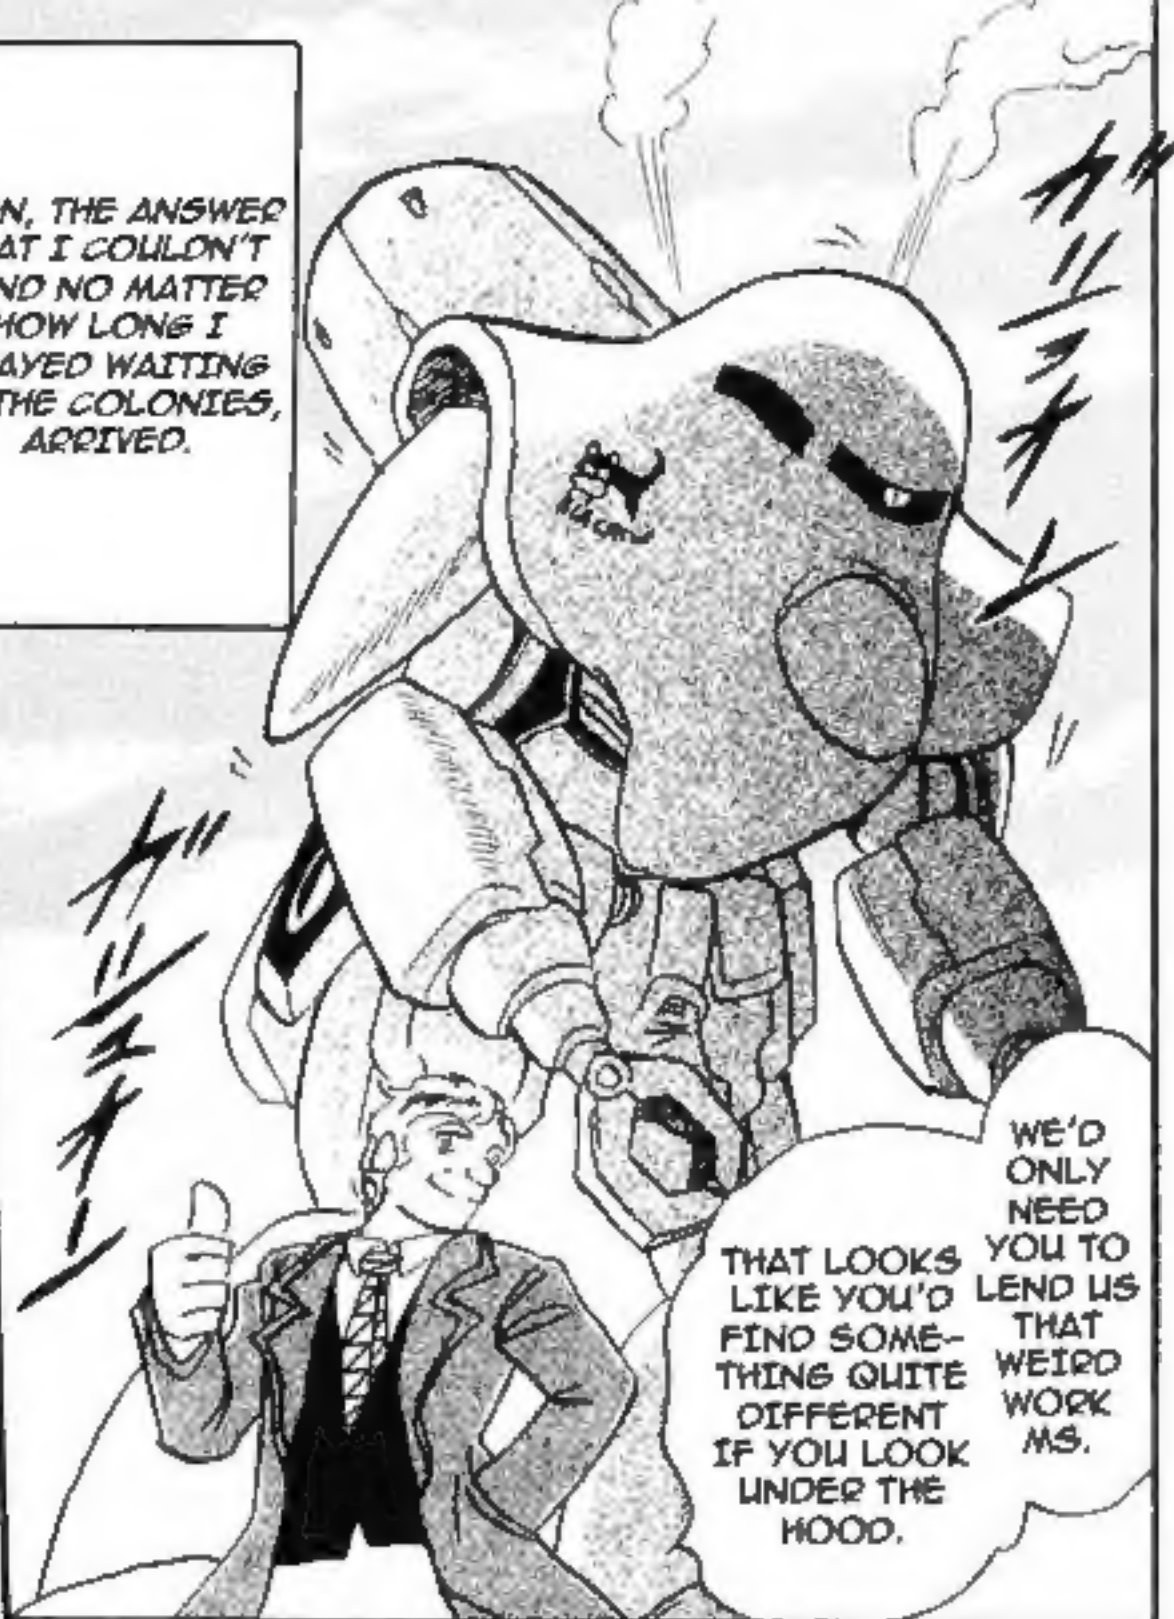

IF YOU
DECIDE
IT'S NOT
SOMETHING
YOU WANNA
DO...

GRIN

THEN, THE ANSWER
THAT I COULDN'T
FIND NO MATTER
HOW LONG I
STAYED WAITING
IN THE COLONIES,
ARRIVED.

WE'D ONLY
NEED
YOU TO
LEND US
THAT
WEIRD
WORK
MS.
THAT LOOKS
LIKE YOU'D
FIND SOME-
THING QUITE
DIFFERENT
IF YOU LOOK
UNDER THE
HOOD.

I
CAN'T
MAKE
THAT
DECISION
ON MY
OWN.
YOU'D
HAVE TO
TALK
TO THE
COMMANDER.

OH,
REALLY?

I GOT THE
IMPRESSION
THAT YOU
WERE THE
ONE CALLING
THE SHOTS.

YOUR
ROLE IN
YOUR
ORGANIZATION
ISN'T
VITAL
ENOUGH
FOR YOU
TO MOVE
AT YOUR
OWN
DISCRETION?

TIMES
LIKE THAT
ARE UPON
US AGAIN.

IF I CAN
USE THESE
ROUGH
HANDS OF
MINE...

THEN
SOME-
HOW...

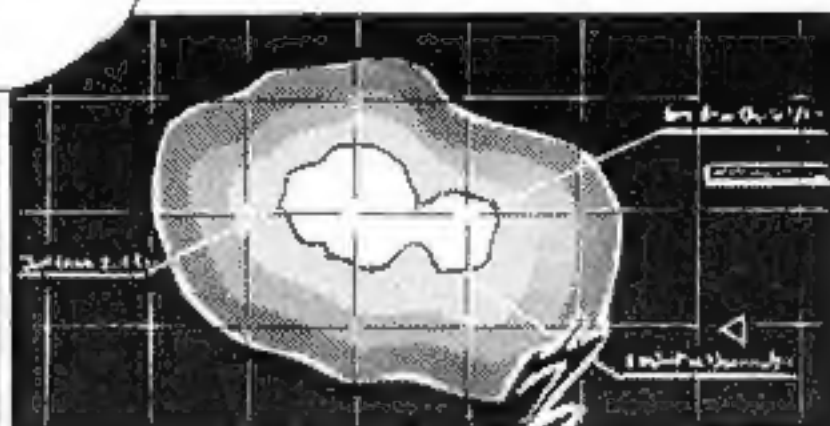

WELL,
THANK
YOU.

WE'VE
DISCOVERED
A JOVIAN
REMNANT
BASE

JUST AS
MR. STORK
SAID
THERE
WOULD BE

IN THE
ASTEROID
BELT...

WE'LL KEEP
OUR OWN MS
ON STANDBY.

YES,
CHAIRMAN...
ER... CAPTAIN
ONMO.

WELL, IT'S
ONLY A
MATTER OF
TIME BEFORE
THEY SHOW
THEMSELVES.

IS THE
CARRIER STILL
SENDING OUT
A SIGNAL?

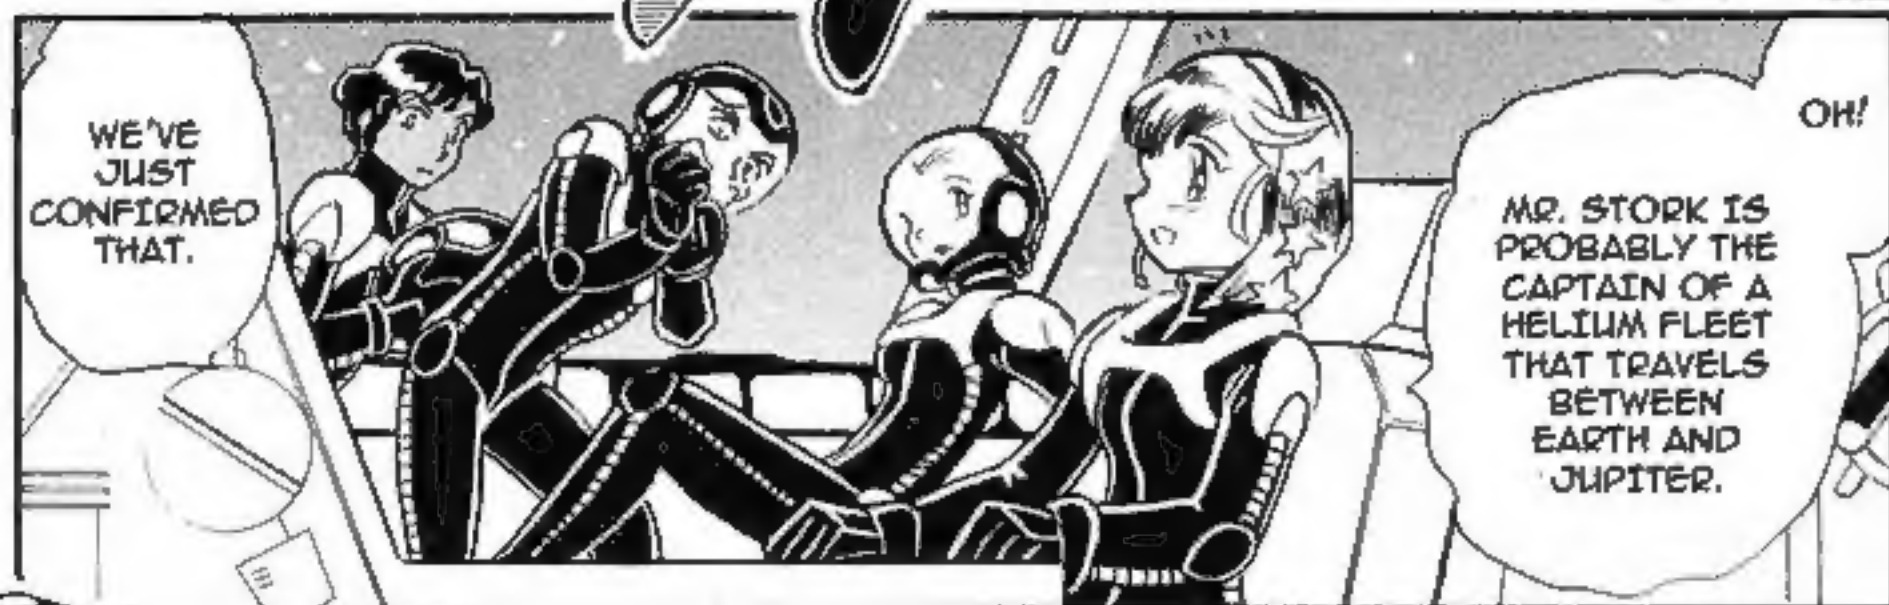

I
WONDER
IF WE CAN
REALLY
TRUST
HIM.

HMPH! THAT
GRAY STORK'S
A SHADY
CHARACTER,
IF YOU ASK ME.

BE
CAREFUL,
TOBIA.

I'M
GOING
NOW,
BERNA-
DETTE.

WE'VE
JUST
CONFIRMED
THAT.

OH!

MR. STORK IS
PROBABLY THE
CAPTAIN OF A
HELIUM FLEET
THAT TRAVELS
BETWEEN
EARTH AND
JUPITER.

HEHE,
ALTHOUGH
...

JUPITER
ASSURED
EVERYONE
IT WAS A
NEUTRAL
FLEET.

BUT THANKS TO
THE EMPIRE, IT
WAS USED AS
ANYTHING BUT.
WELL, I SHOULD
THANK YOU ALL
FOR WHAT YOU
DID.

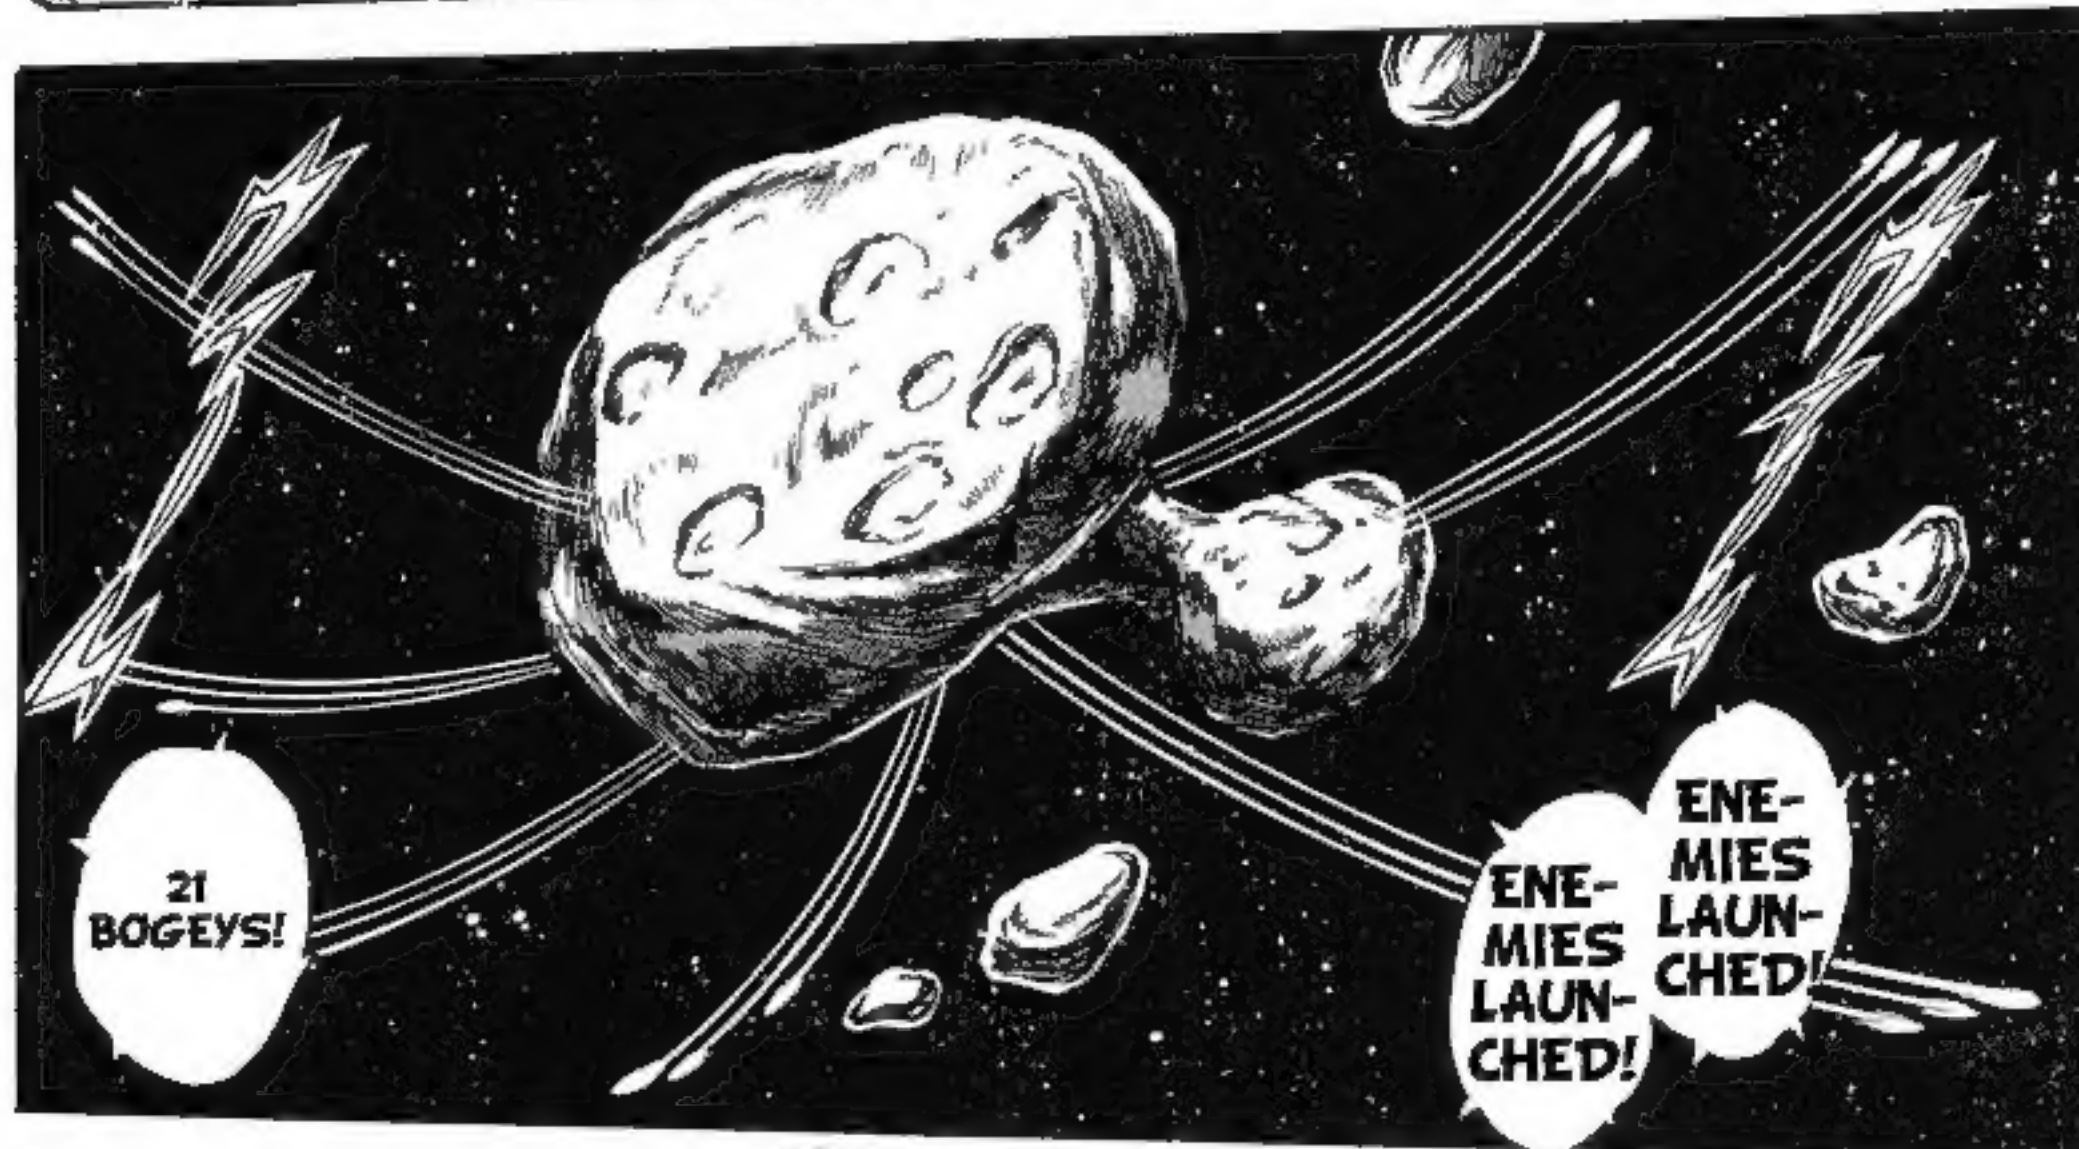

THEY WERE GOING TO CAUSE A LOT OF TROUBLE.

EVEN THOUGHT I'M NOT FOND OF MY STROLLS BACK AND FORTH BETWEEN EARTH AND JUPITER...

SO TODAY, AT THE COST OF QUITE A BIT OF MY OWN MONEY...

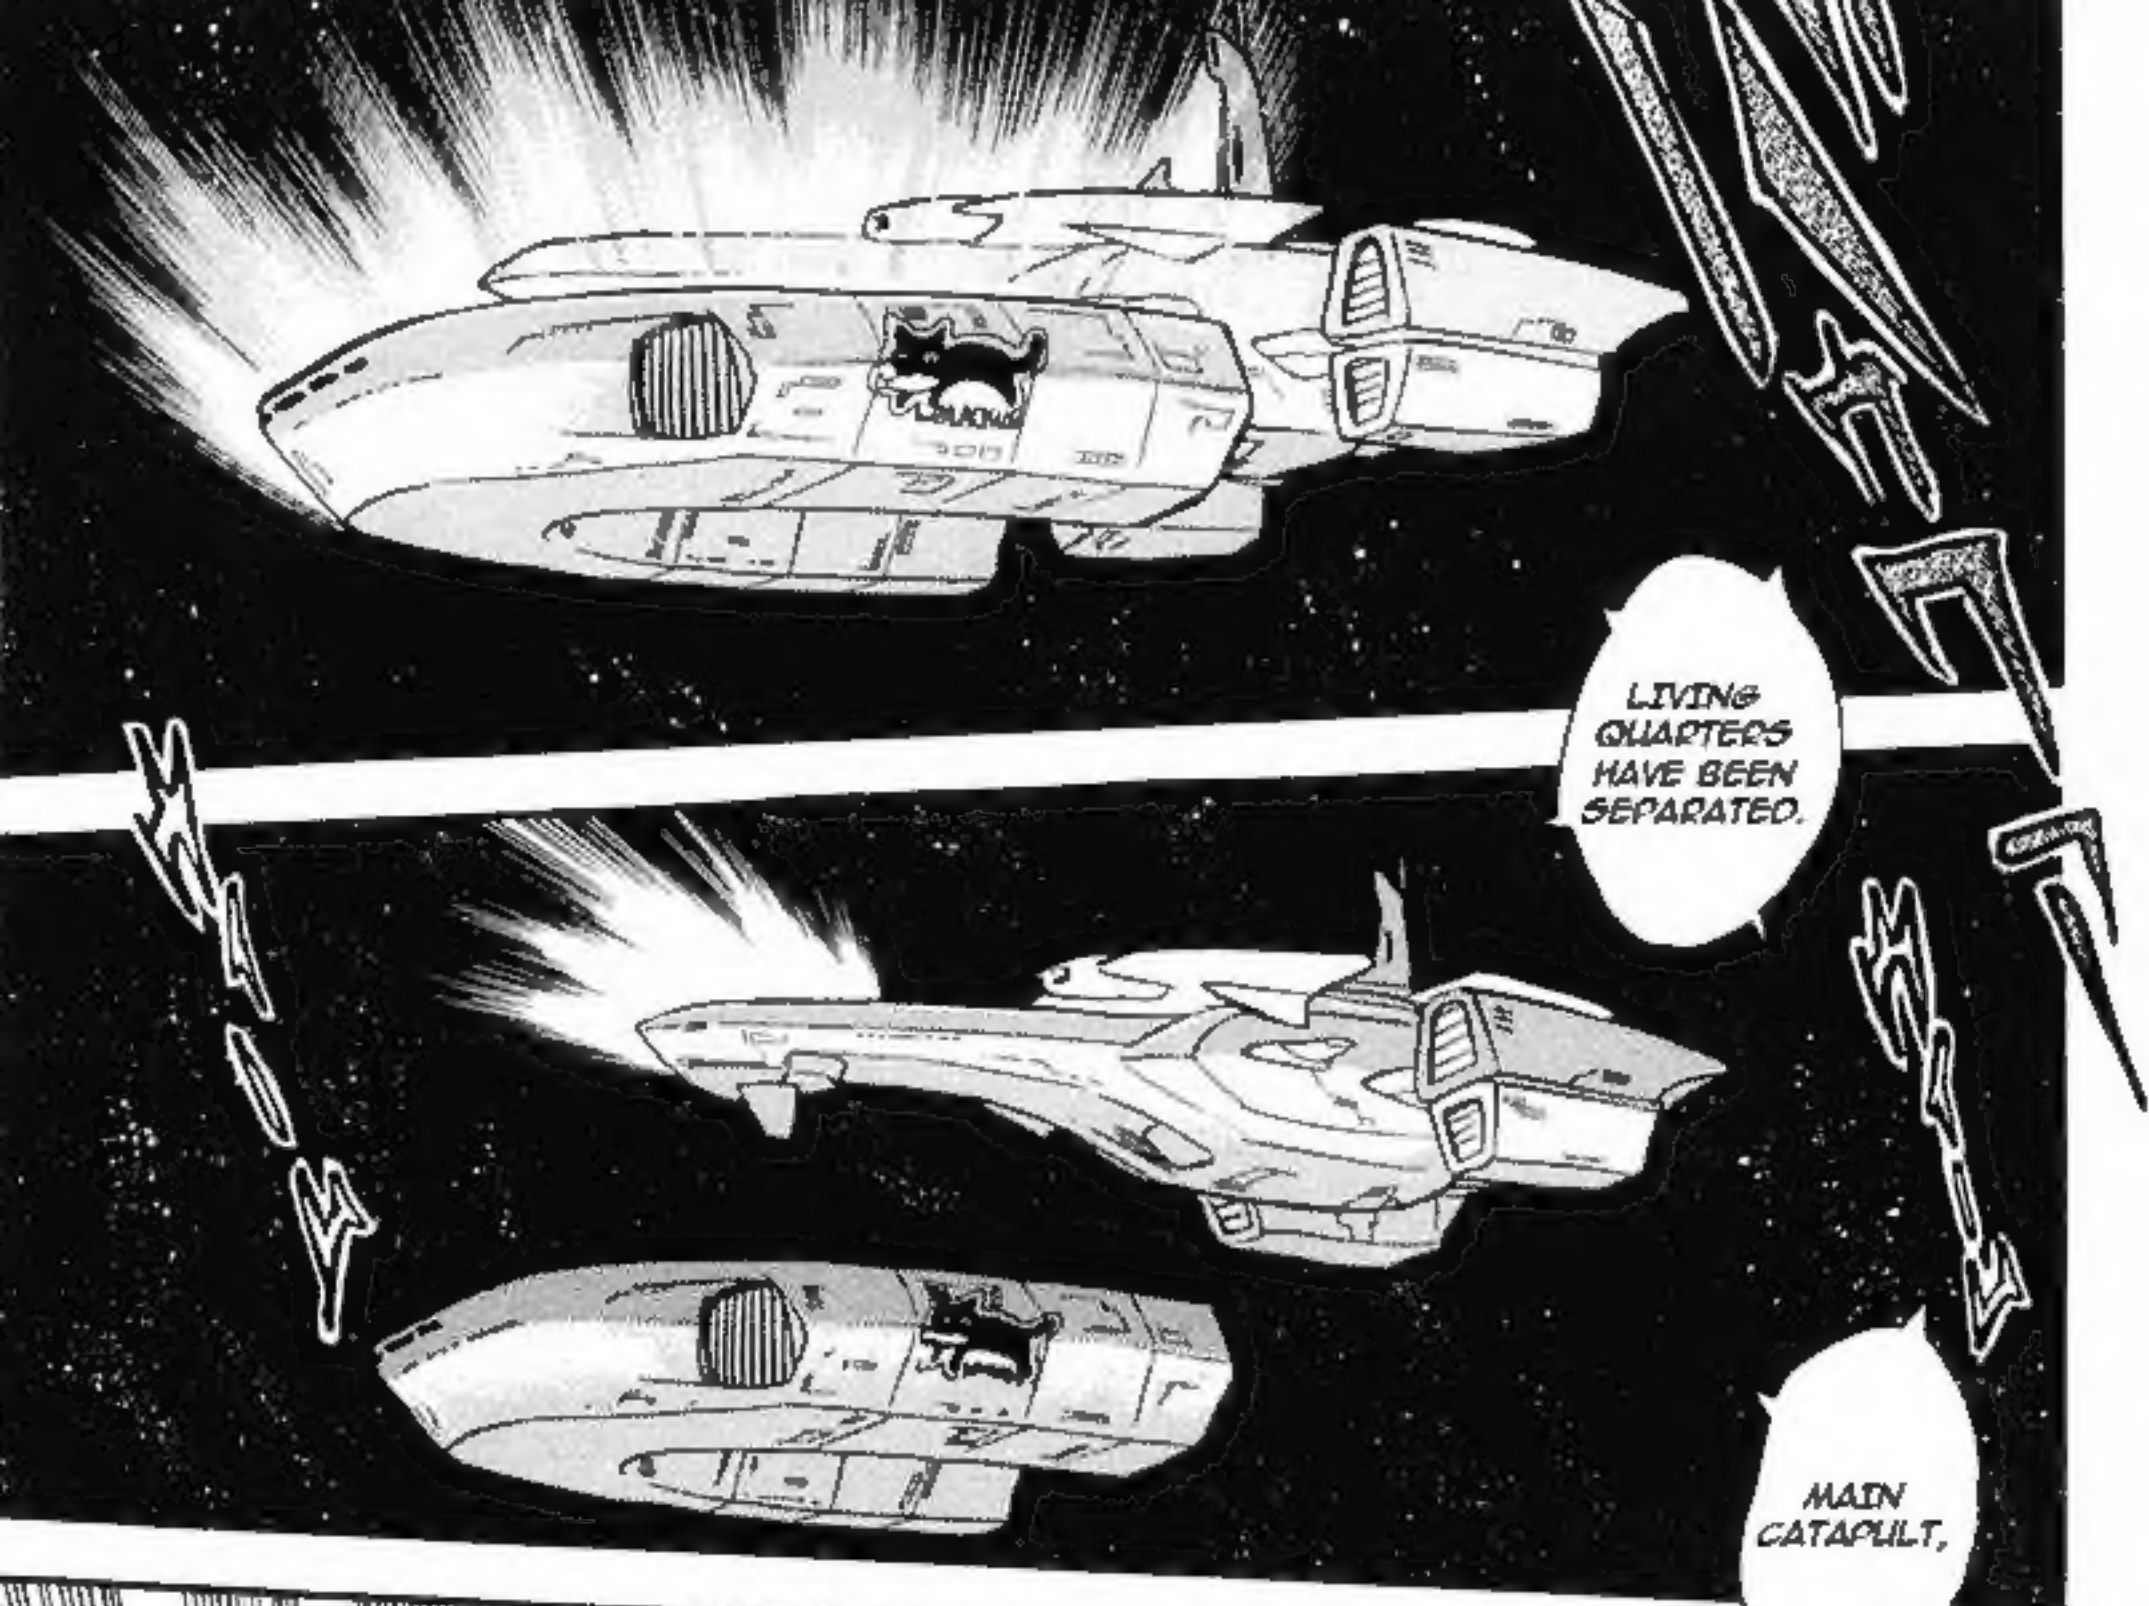

ENE-MIES LAUNCHED!

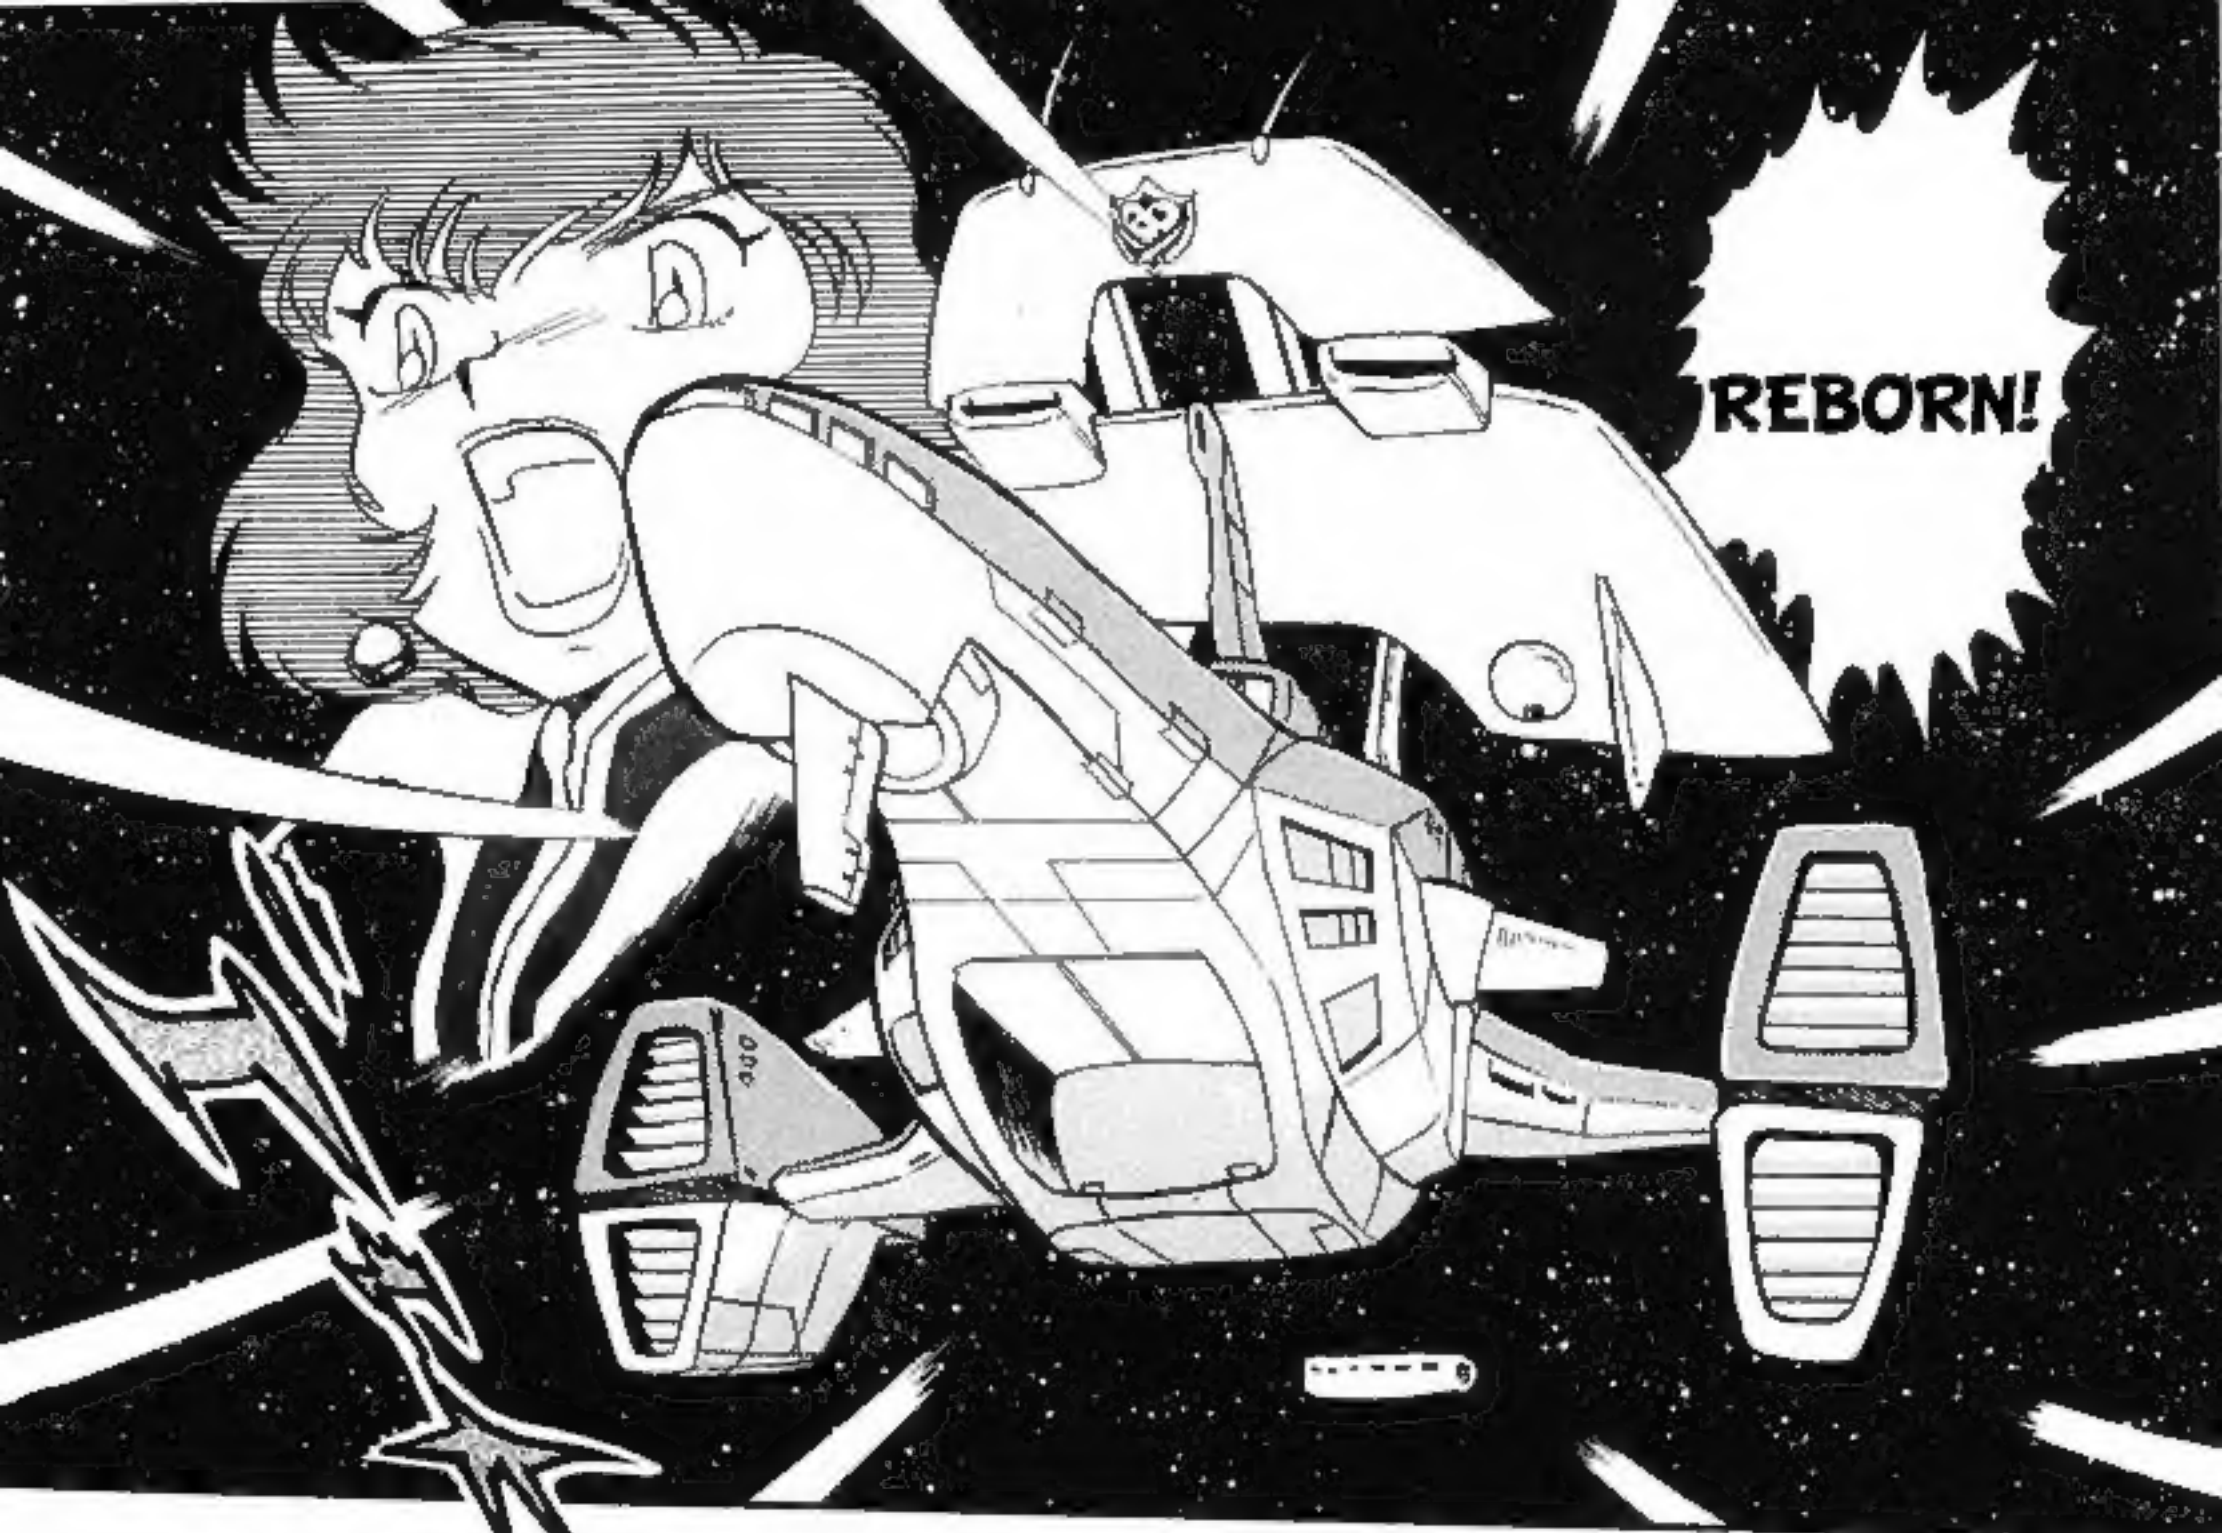

ENE-MIES LAUNCHED!

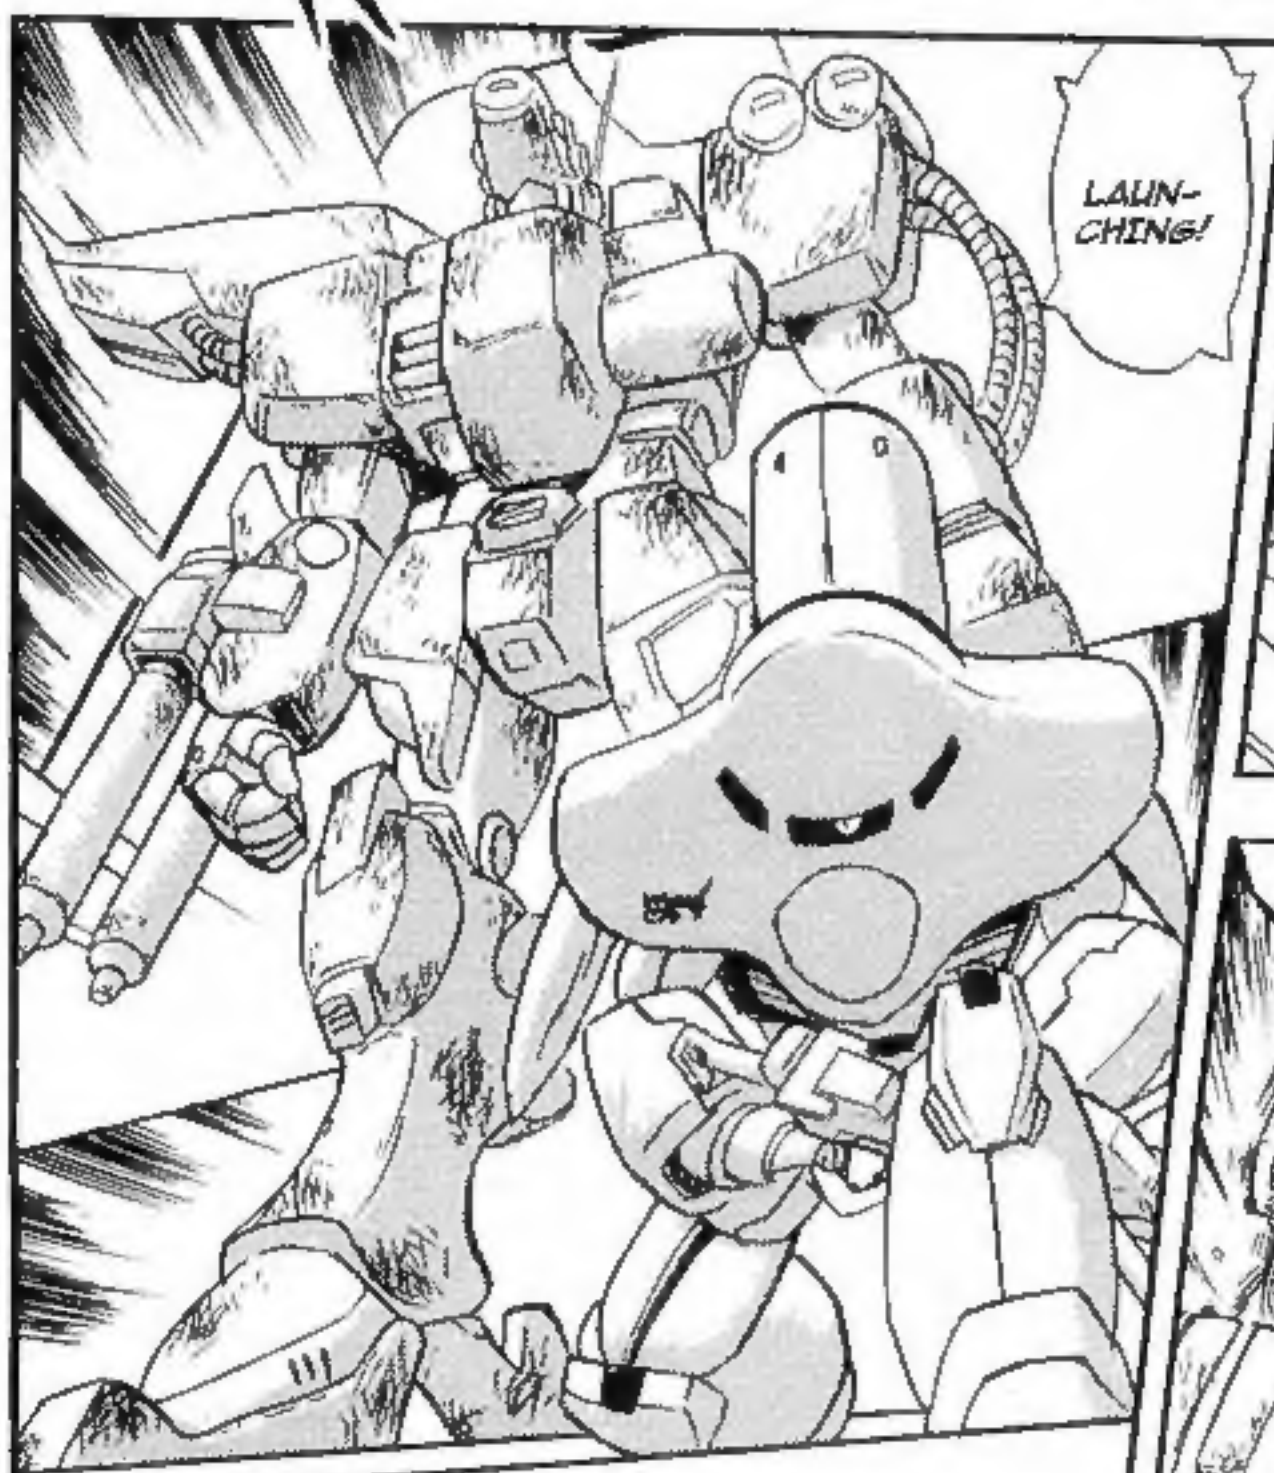

REMOVE CAMO-FLAGUE!

REBORN!

LAUNCHING!

ALL UNITS,
SCRAMBLE!

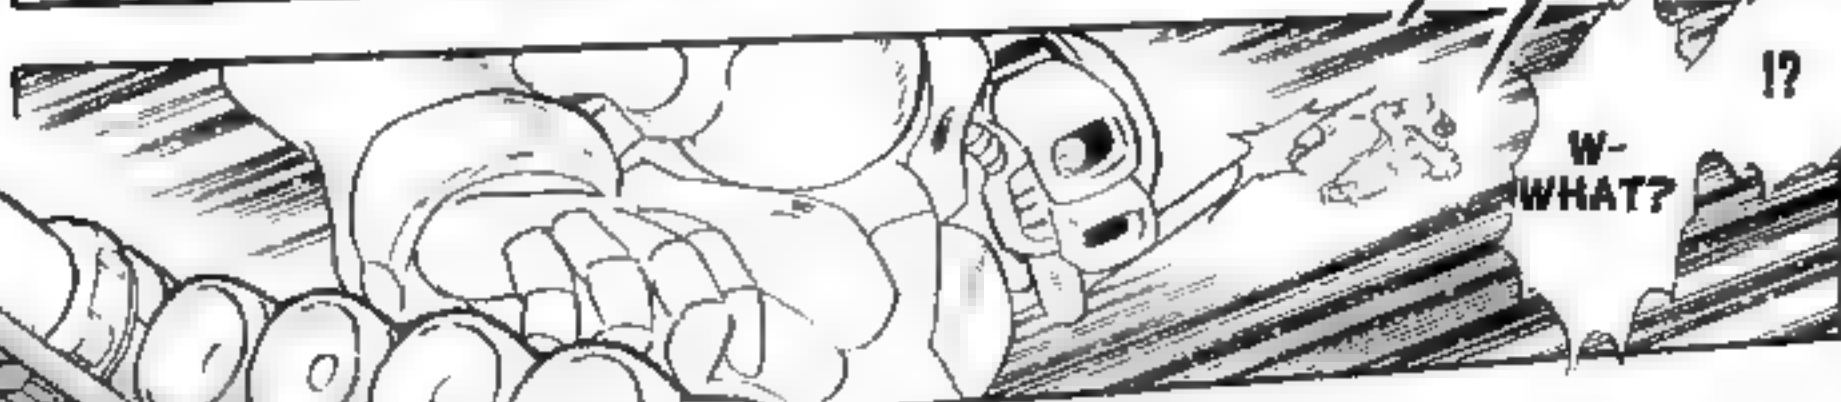

SLUMP,

GRAY
STORK'S
UNIT,

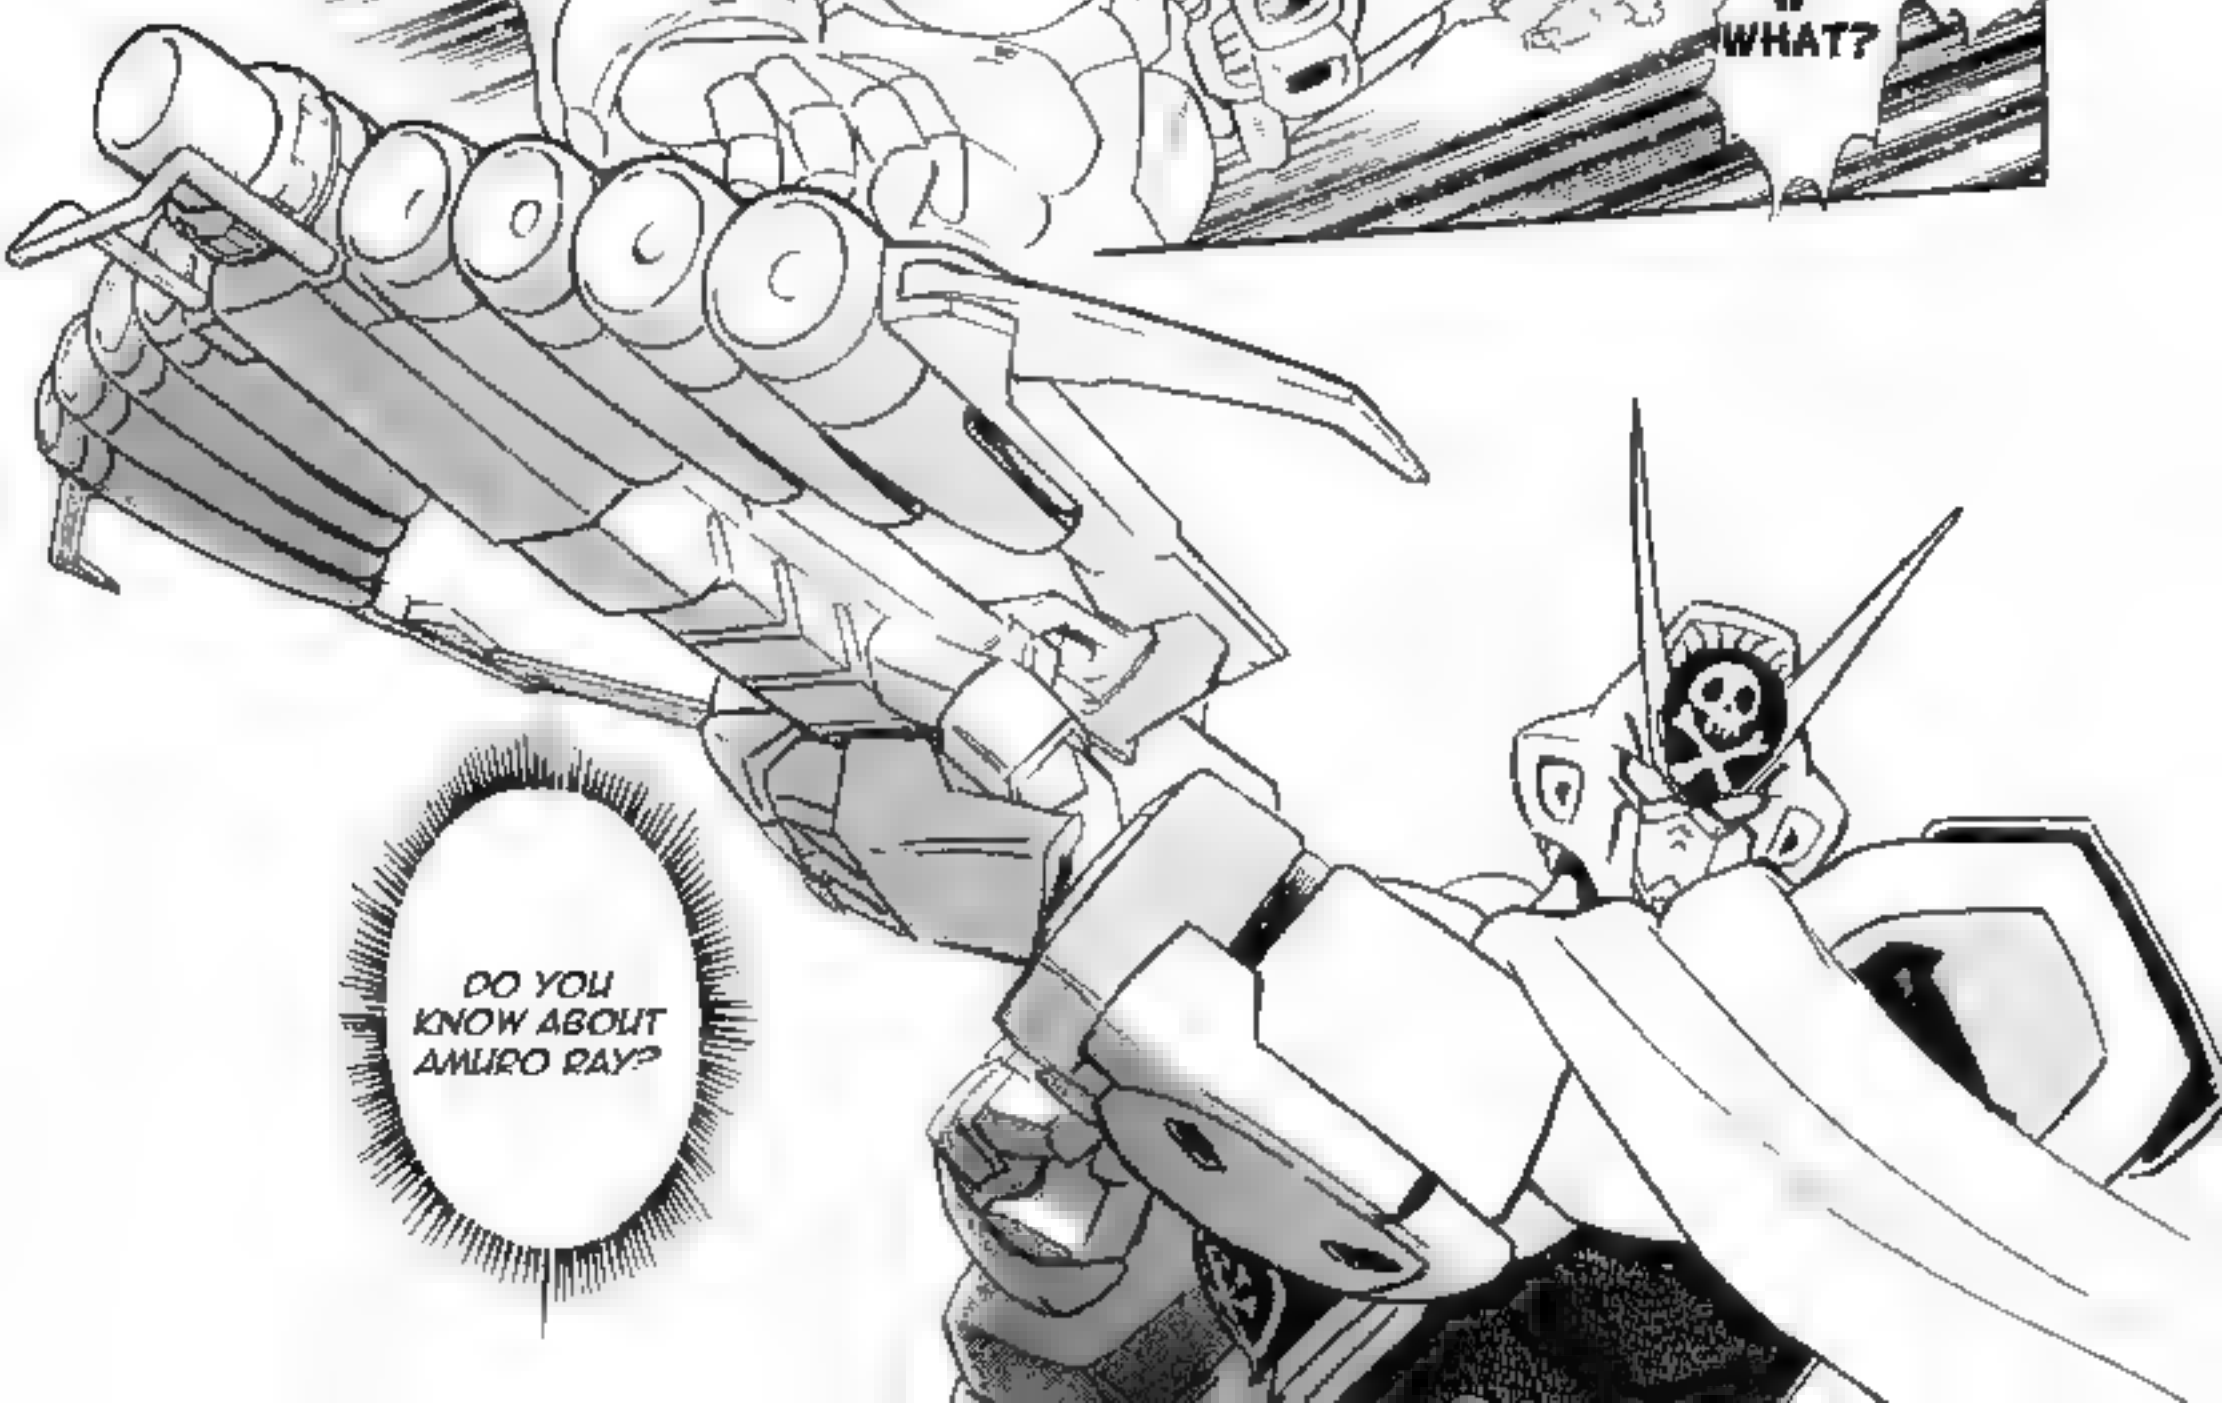

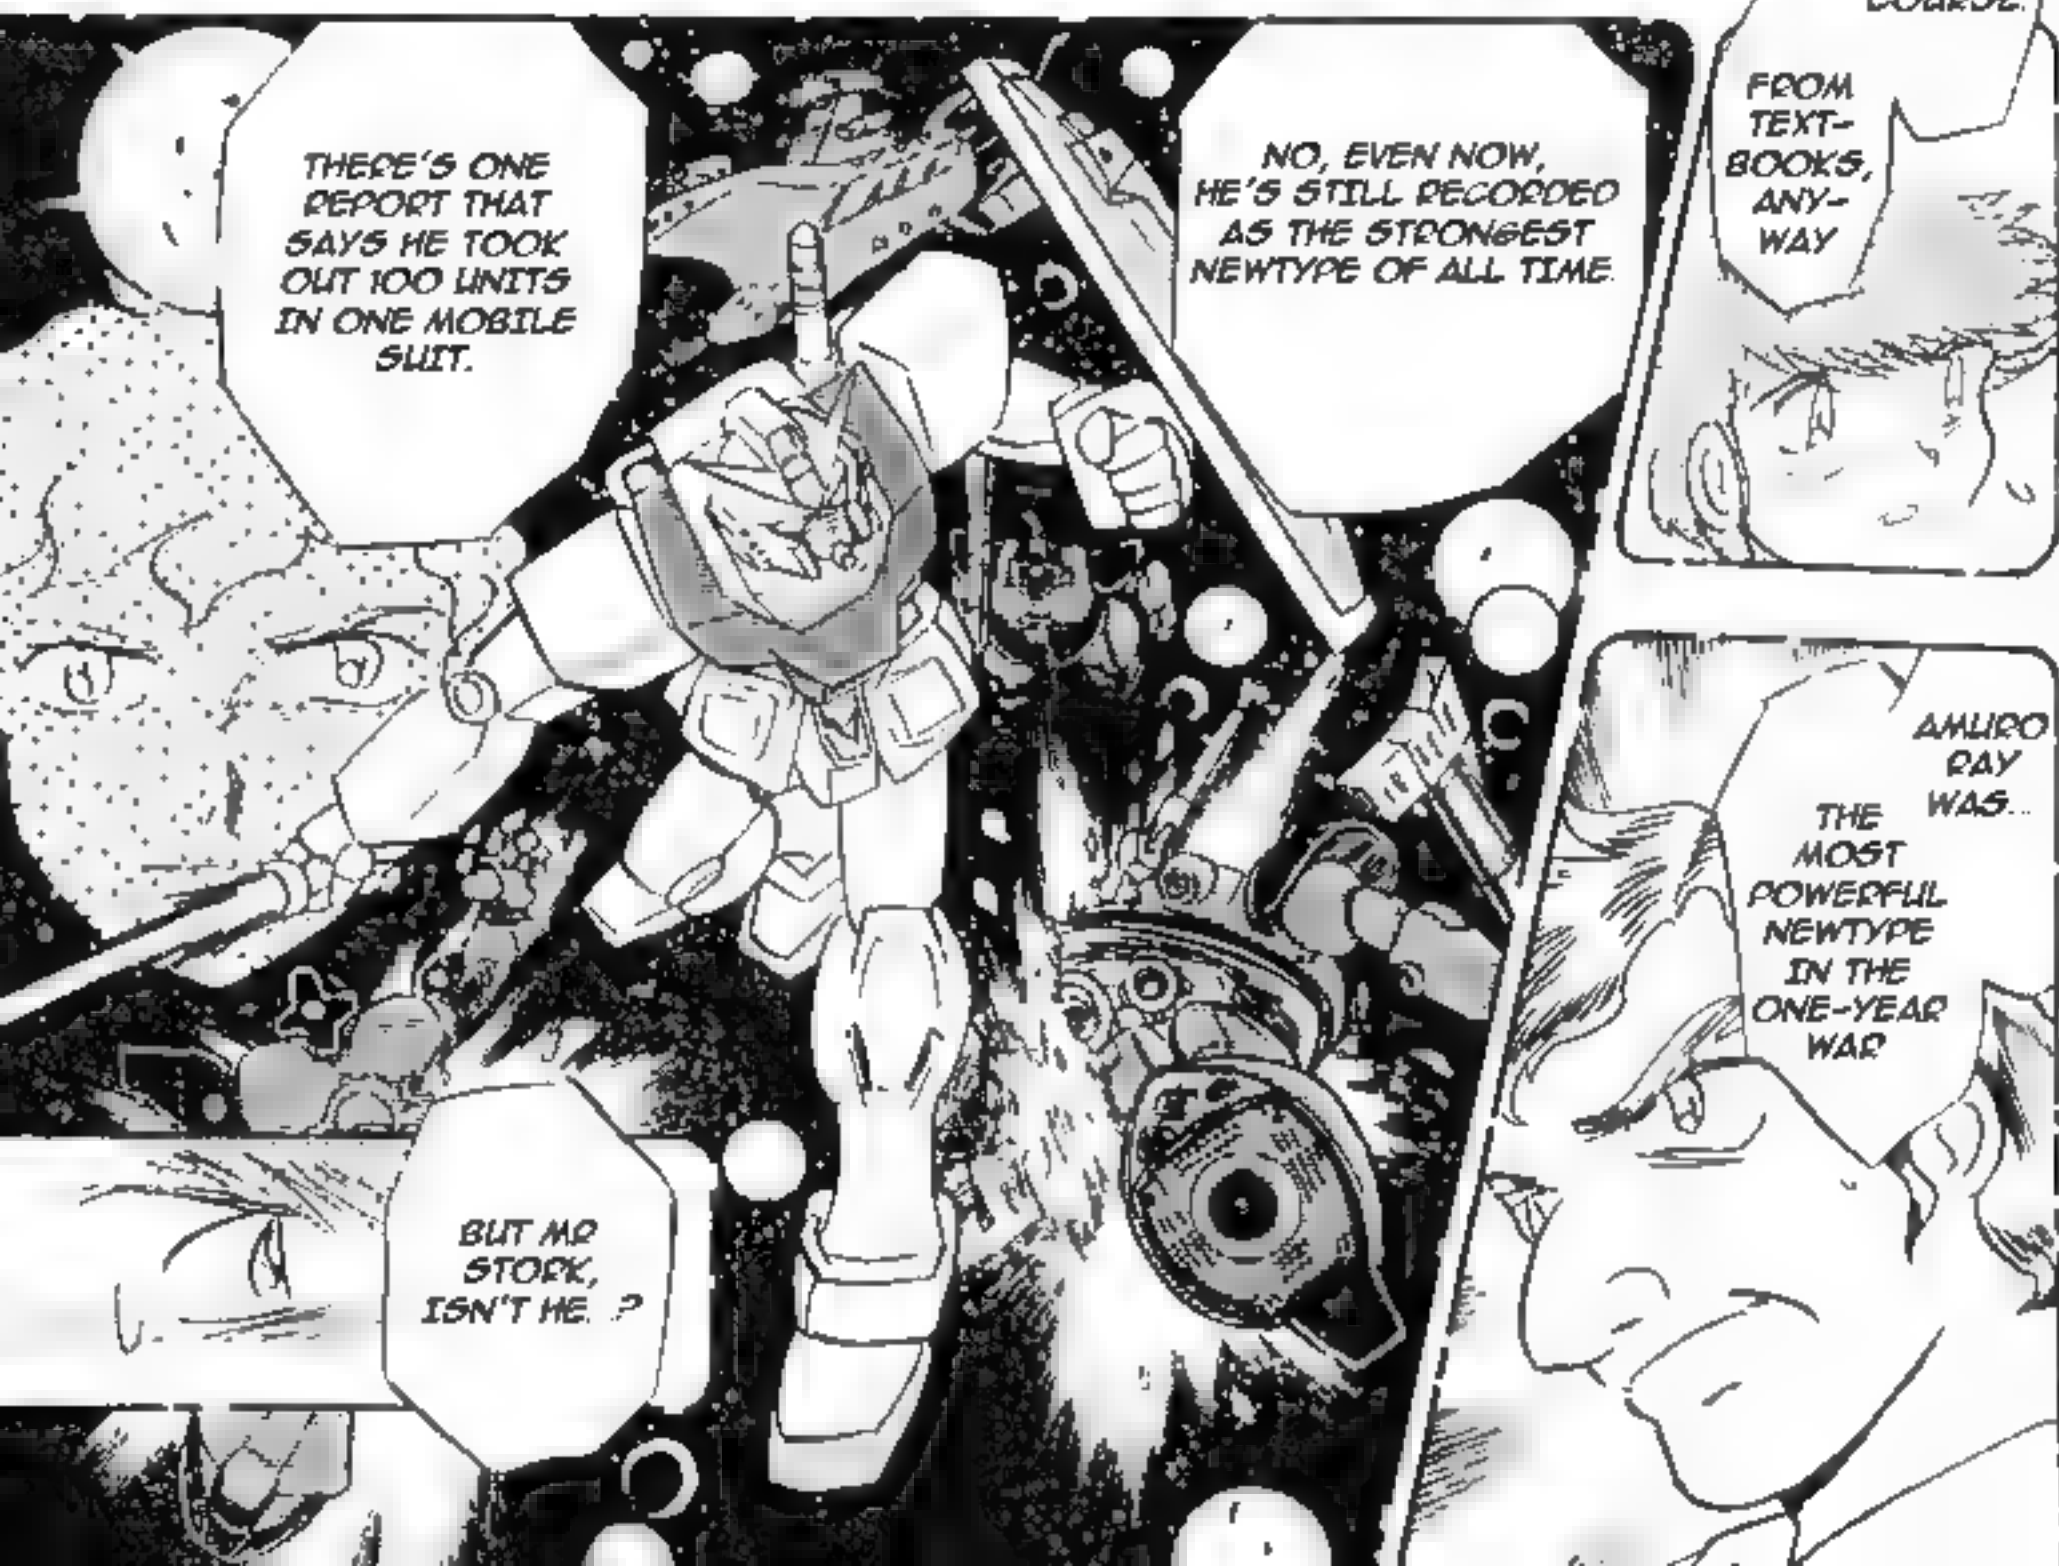

W-
WHAT?

!?

DO YOU
KNOW ABOUT
AMURO RAY?

THERE'S ONE
REPORT THAT
SAYS HE TOOK
OUT 100 UNITS
IN ONE MOBILE
SUIT.

NO, EVEN NOW,
HE'S STILL RECORDED
AS THE STRONGEST
NEWTYPED OF ALL TIME.

FROM
TEXT-
BOOKS,
ANY-
WAY

YEAH.
OF
COURSE.

BUT MR
STORK,
ISN'T HE?

AMURO
RAY
WAS...
THE
MOST
POWERFUL
NEWTYPED
IN THE
ONE-YEAR
WAR

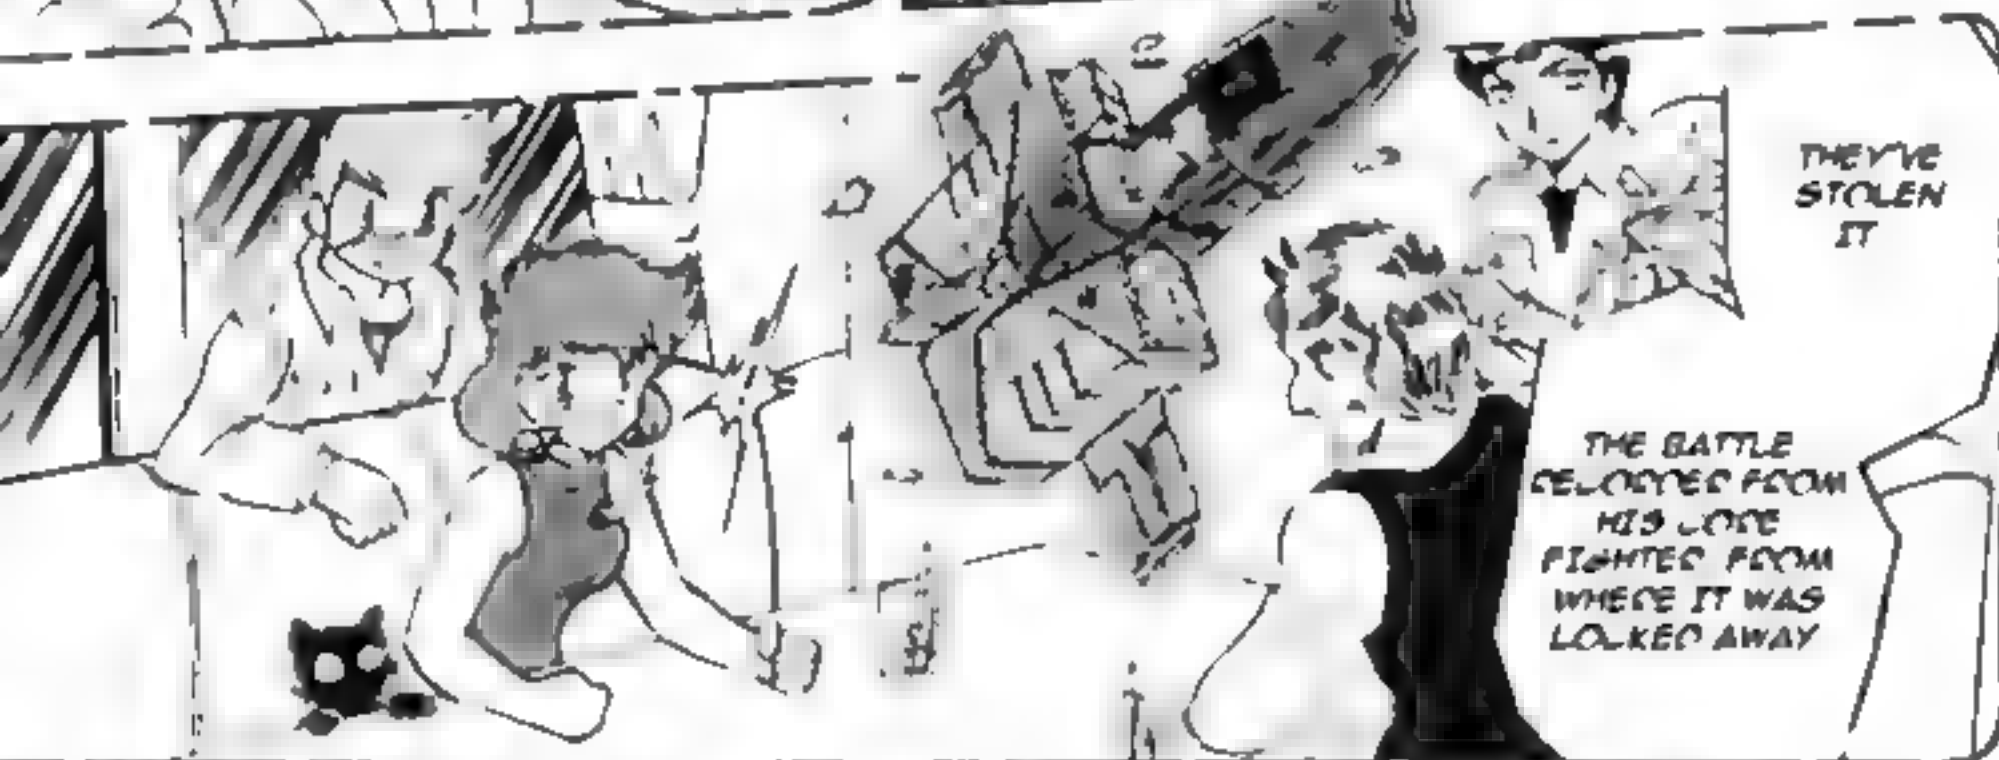

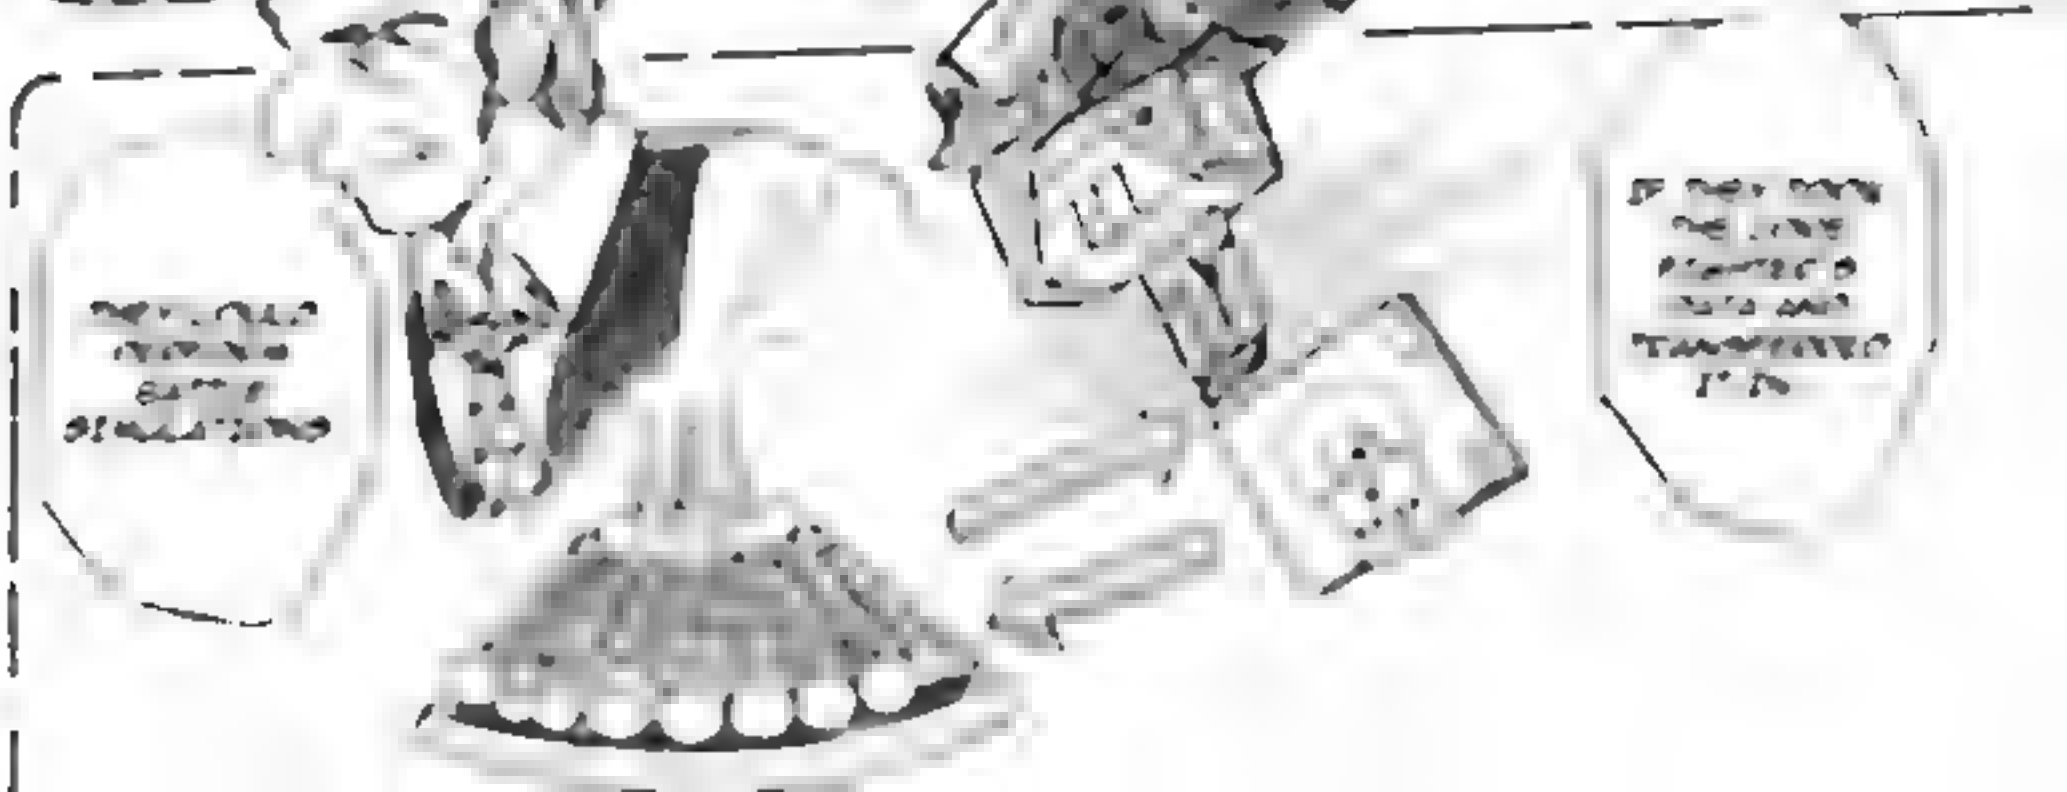

HE WENT
MISSING
IN
A TON

4 YEARS
AND
LIVING
ON A
MOUNTAIN

THAT'S RIGHT, AMURO RAY IS MISSING!

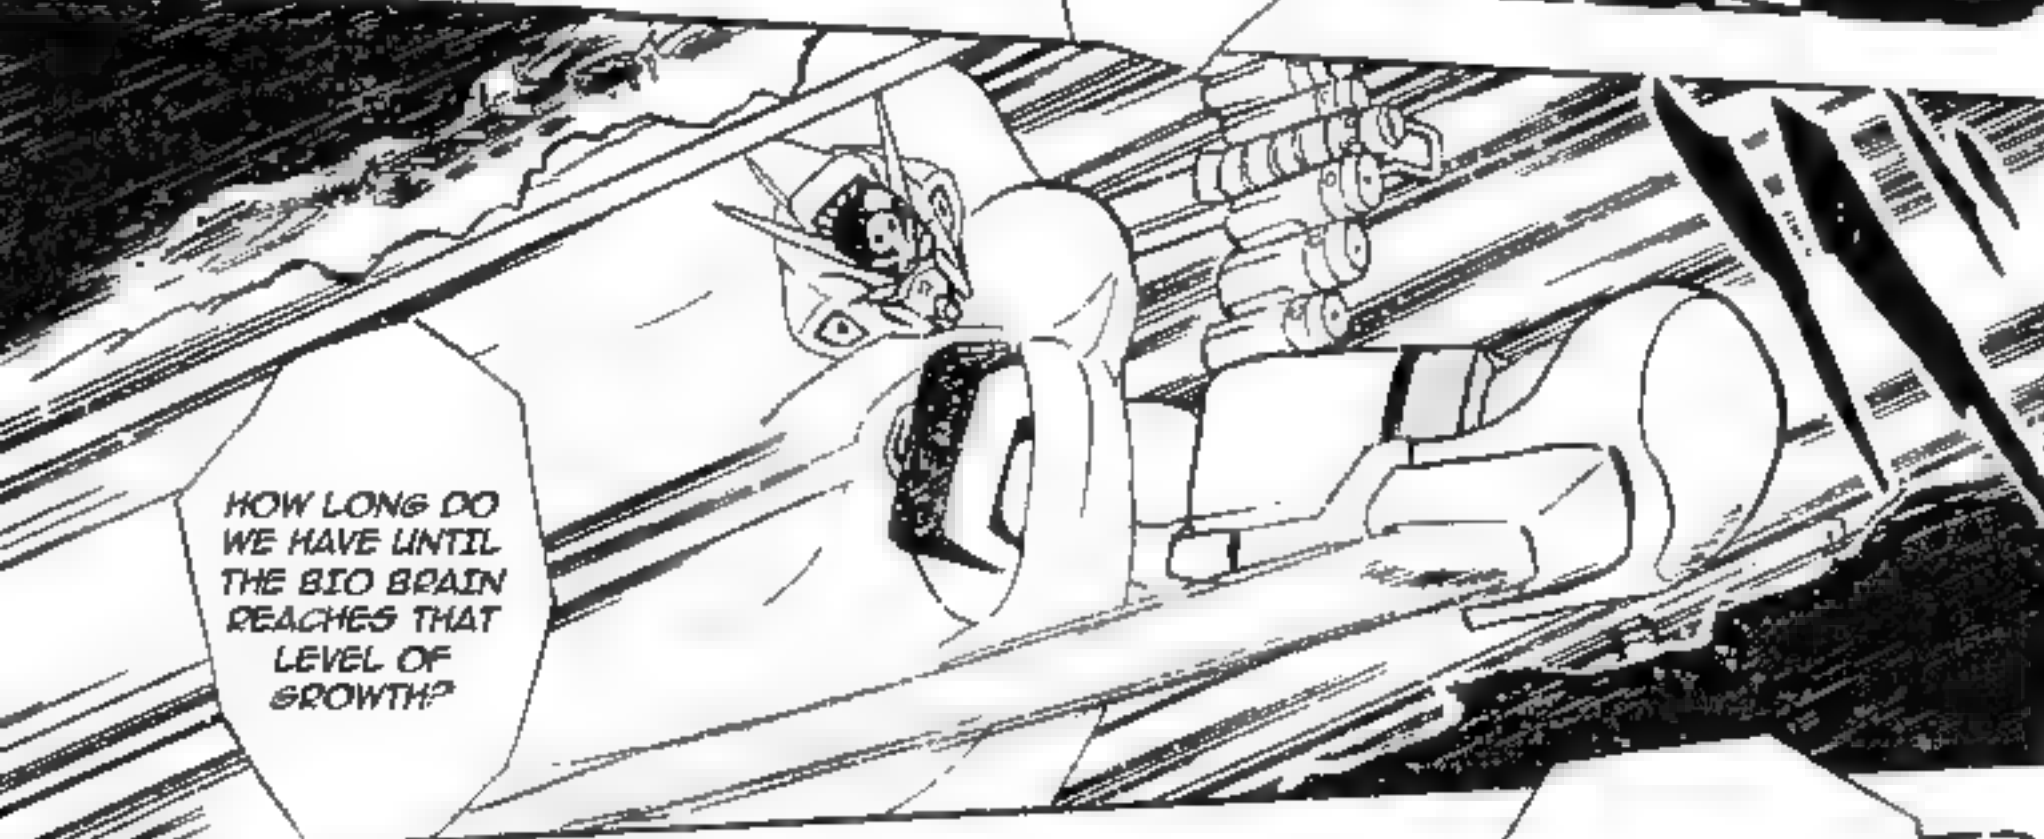

AND THEN?

BUT IF IT SUCCEEDS ONCE, THEN IT WILL BE PERFECT...

IT WOULD PROBABLY FAIL HUNDREDS, IF NOT THOUSANDS OF TIMES...

IT WOULD FLAWLESSLY RECREATE AMURO'S BATTLE PATTERNS

HOW LONG DO WE HAVE UNTIL THE BIO BRAIN REACHES THAT LEVEL OF GROWTH?

NO WAY!

WHAT IF I TOLD YOU... IT WAS ALREADY COMPLETE?

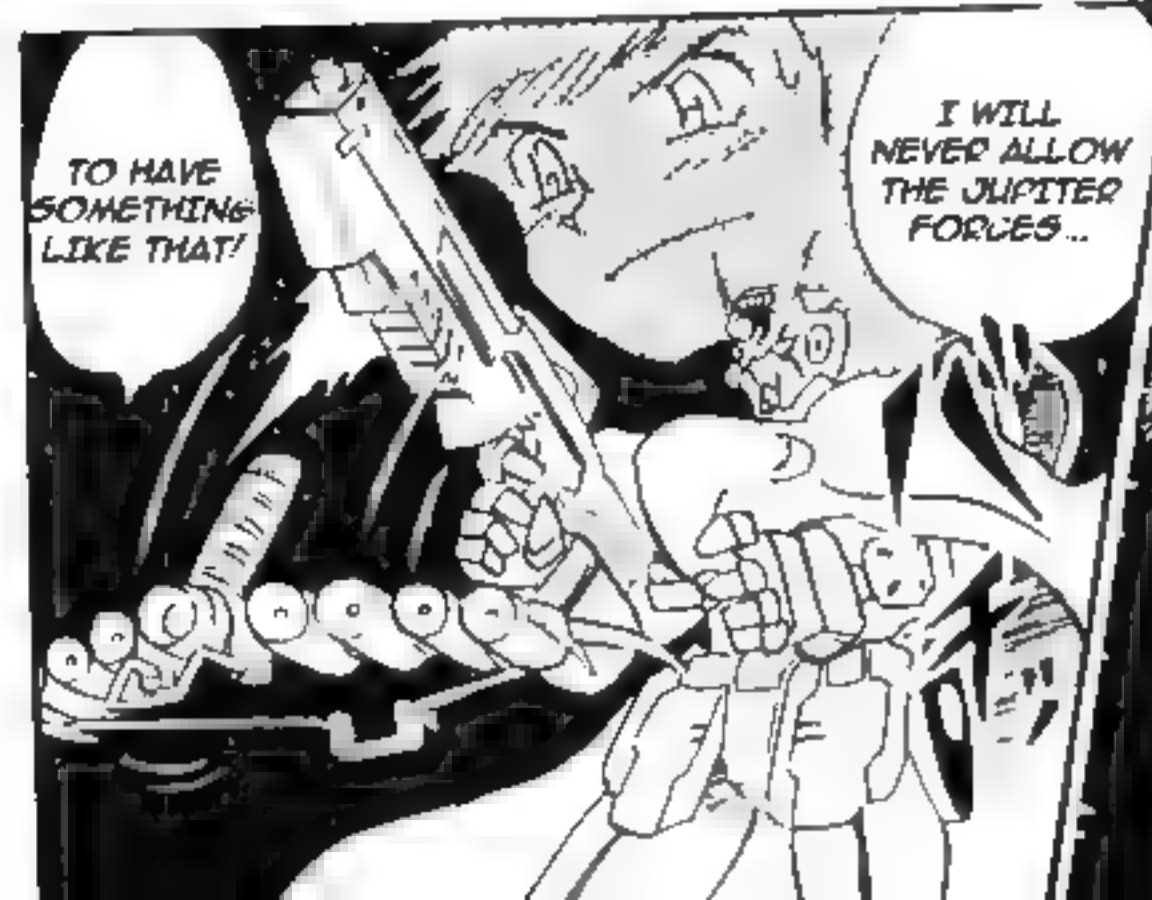

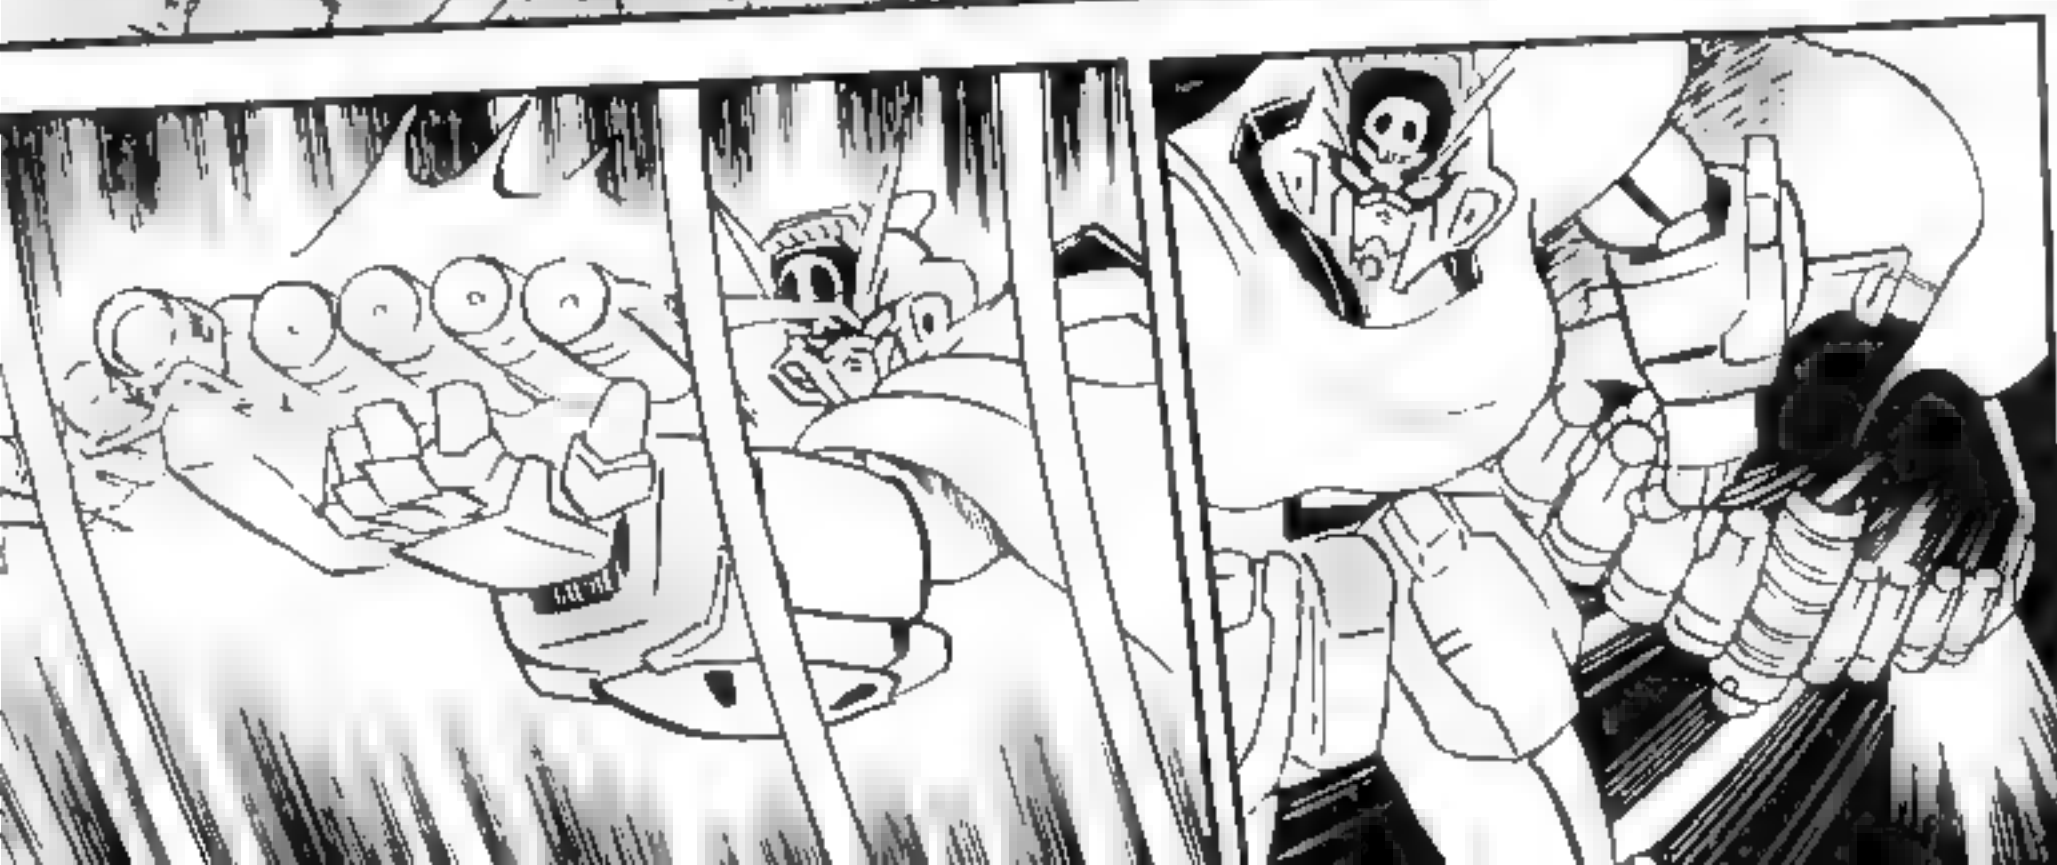

THAT'S
RIGHT...
BUT IT HAS
NO "HEART."

IT'S JUST
A COPY OF
HIS COMBAT
DATA!

ITS
REACTION
SPEEDS
RIVAL THOSE
OF THE
GREATEST
NEWTYPES

IT'LL PULL
THE TRIGGER
WITHOUT
HESITATION!

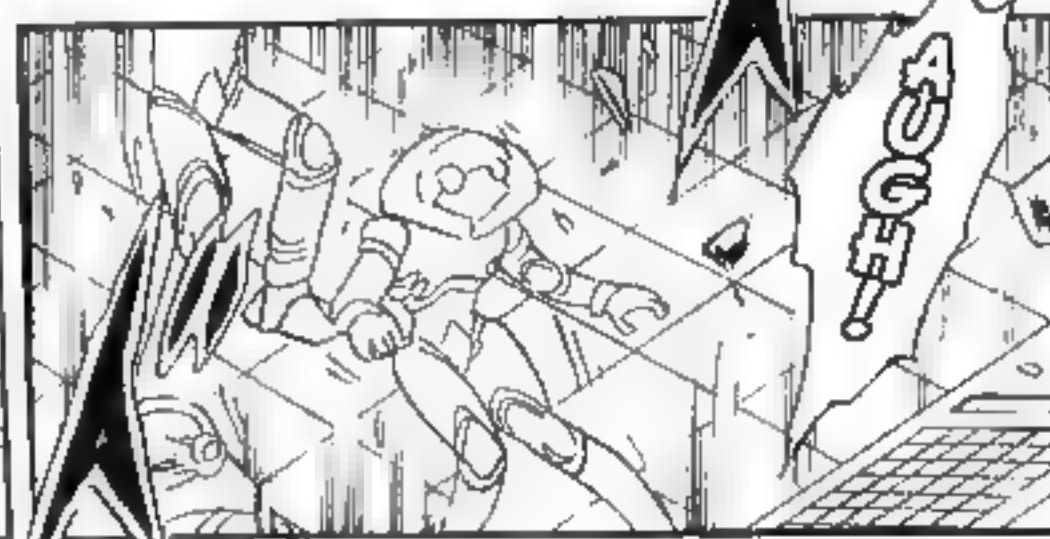

TO HAVE
SOMETHING
LIKE THAT!

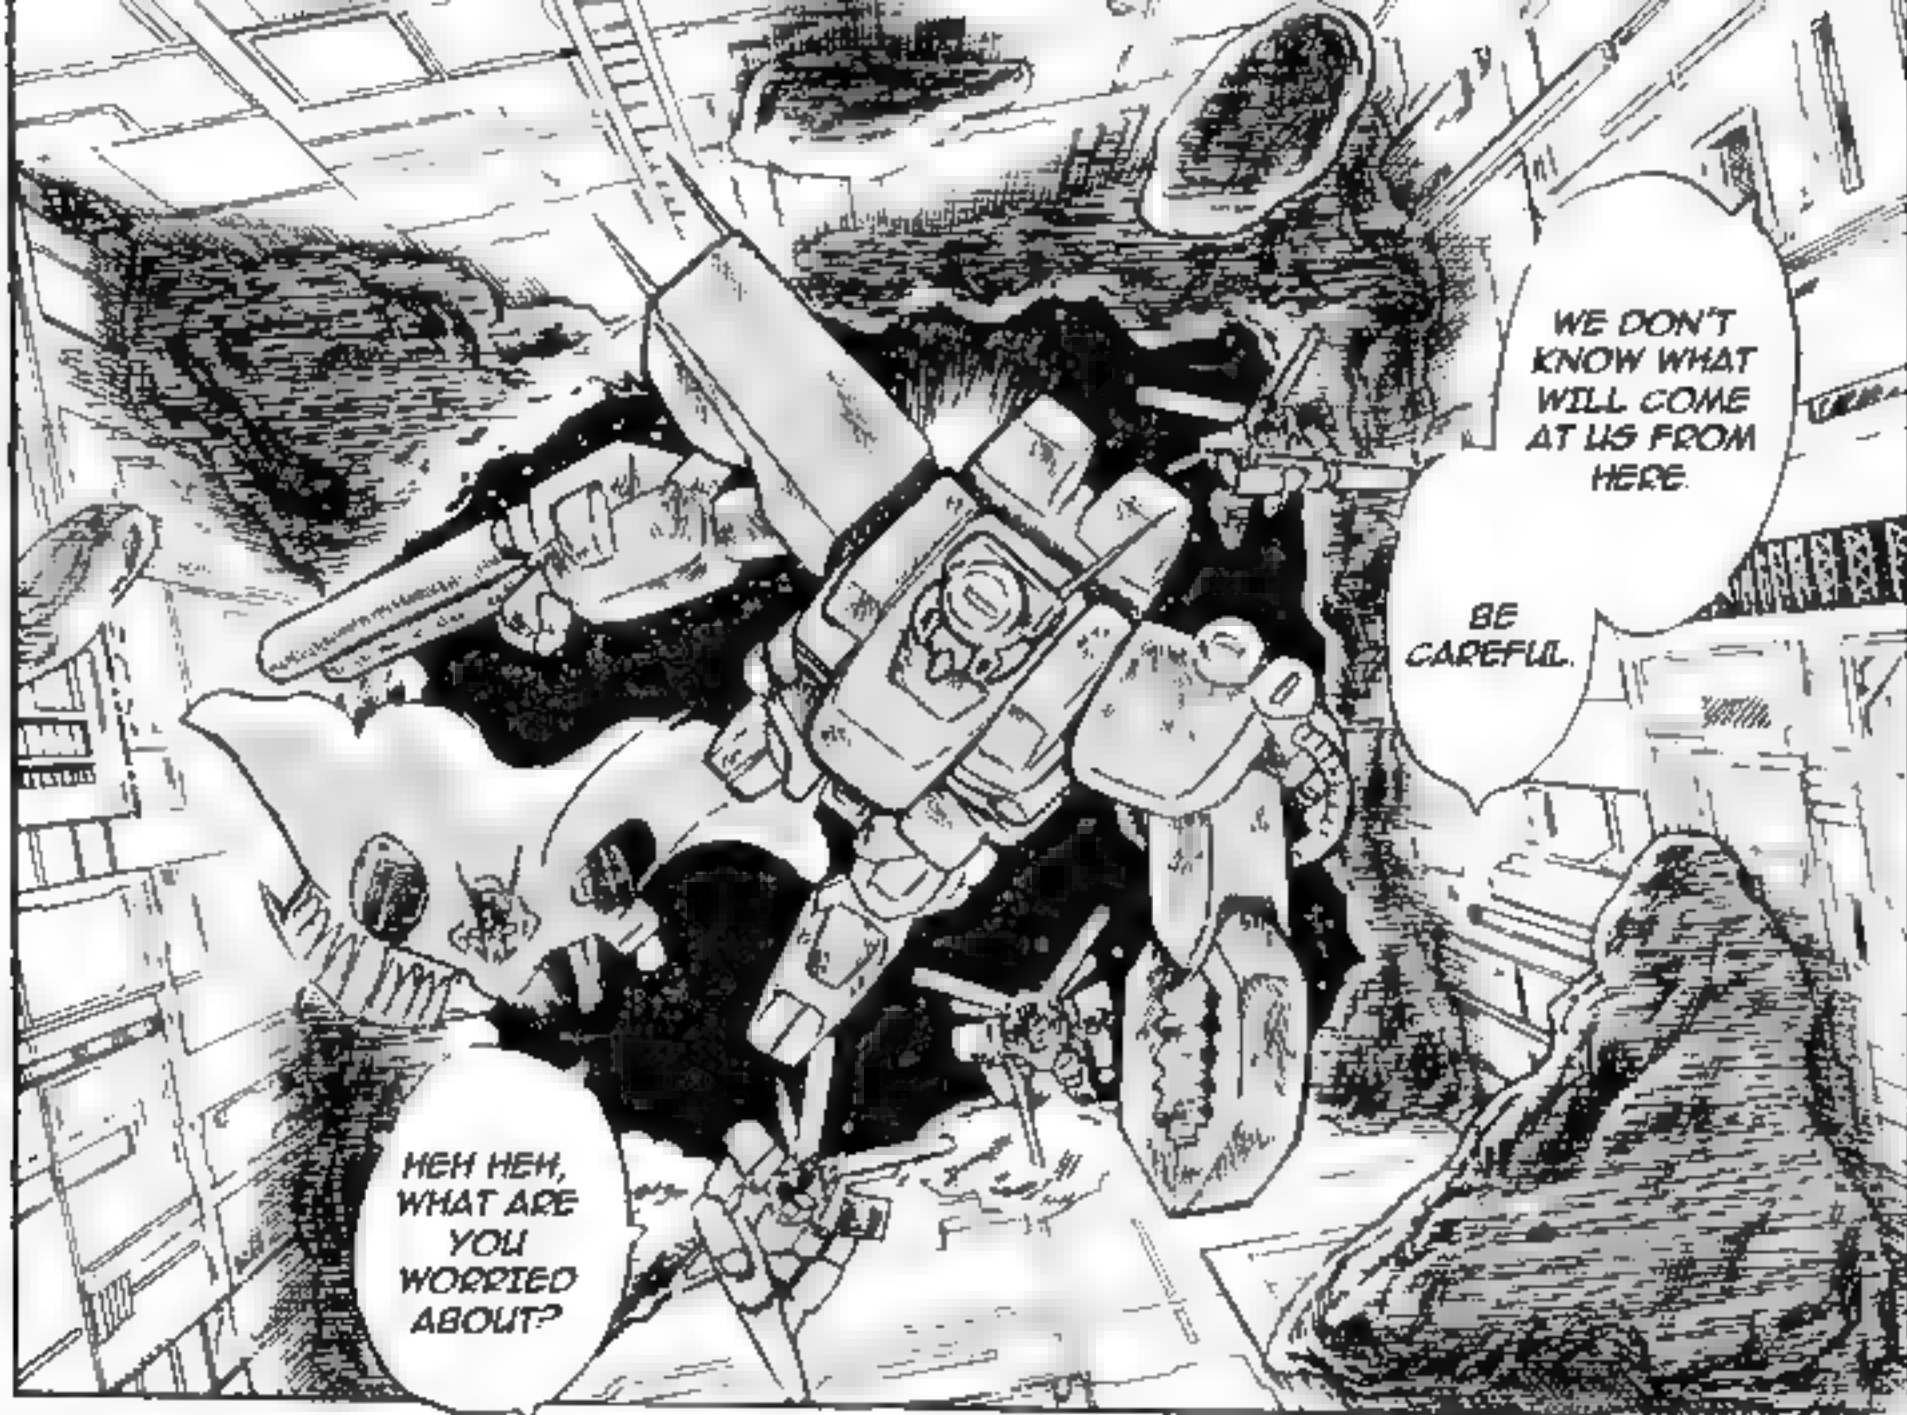

I WILL
NEVER ALLOW
THE JUPITER
FORCES...

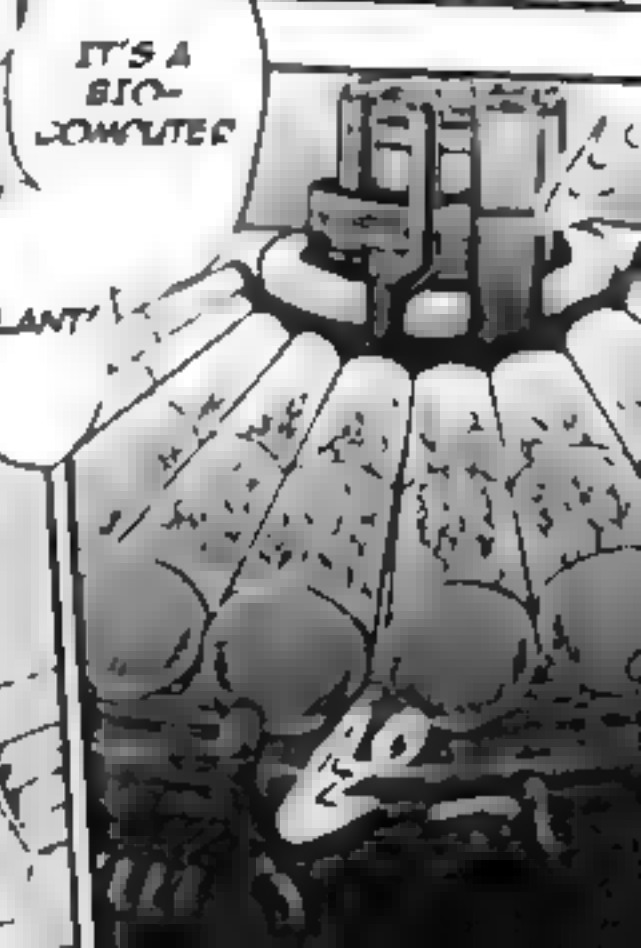

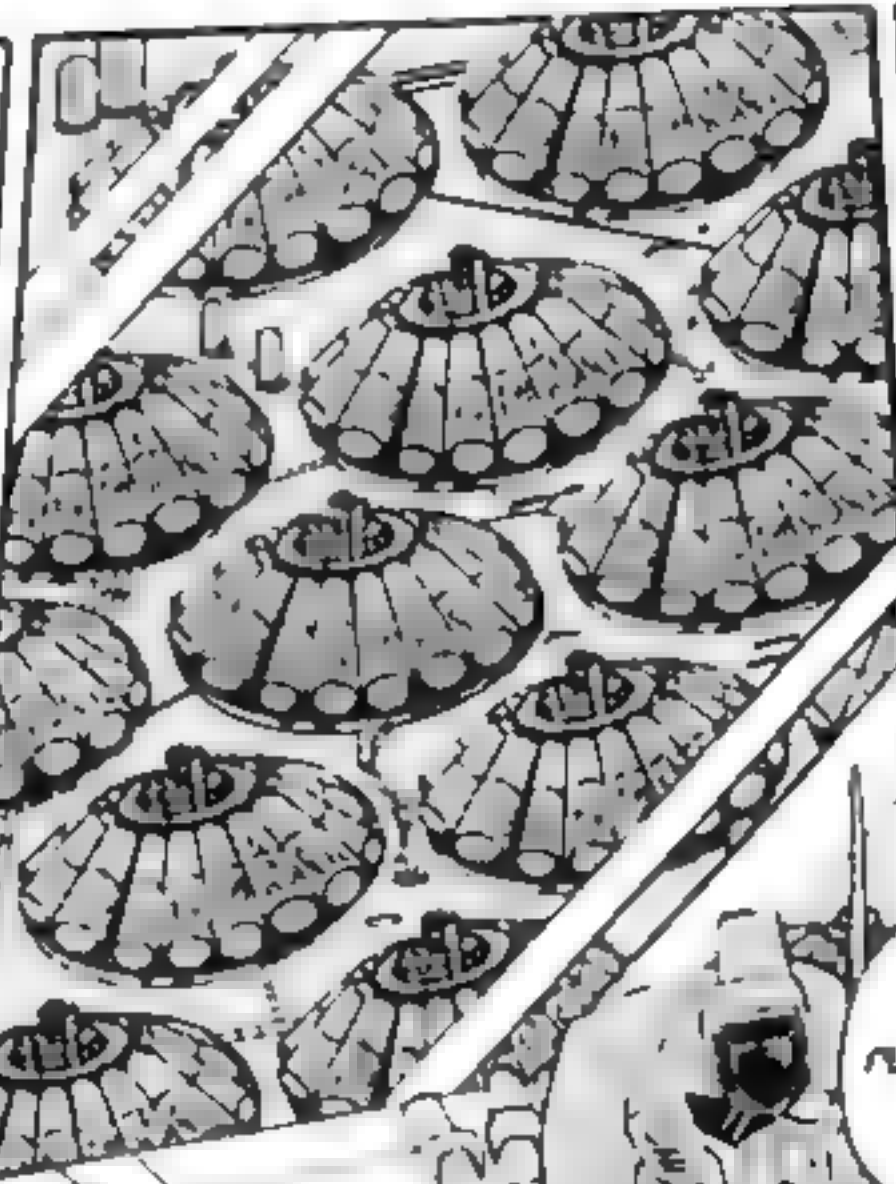

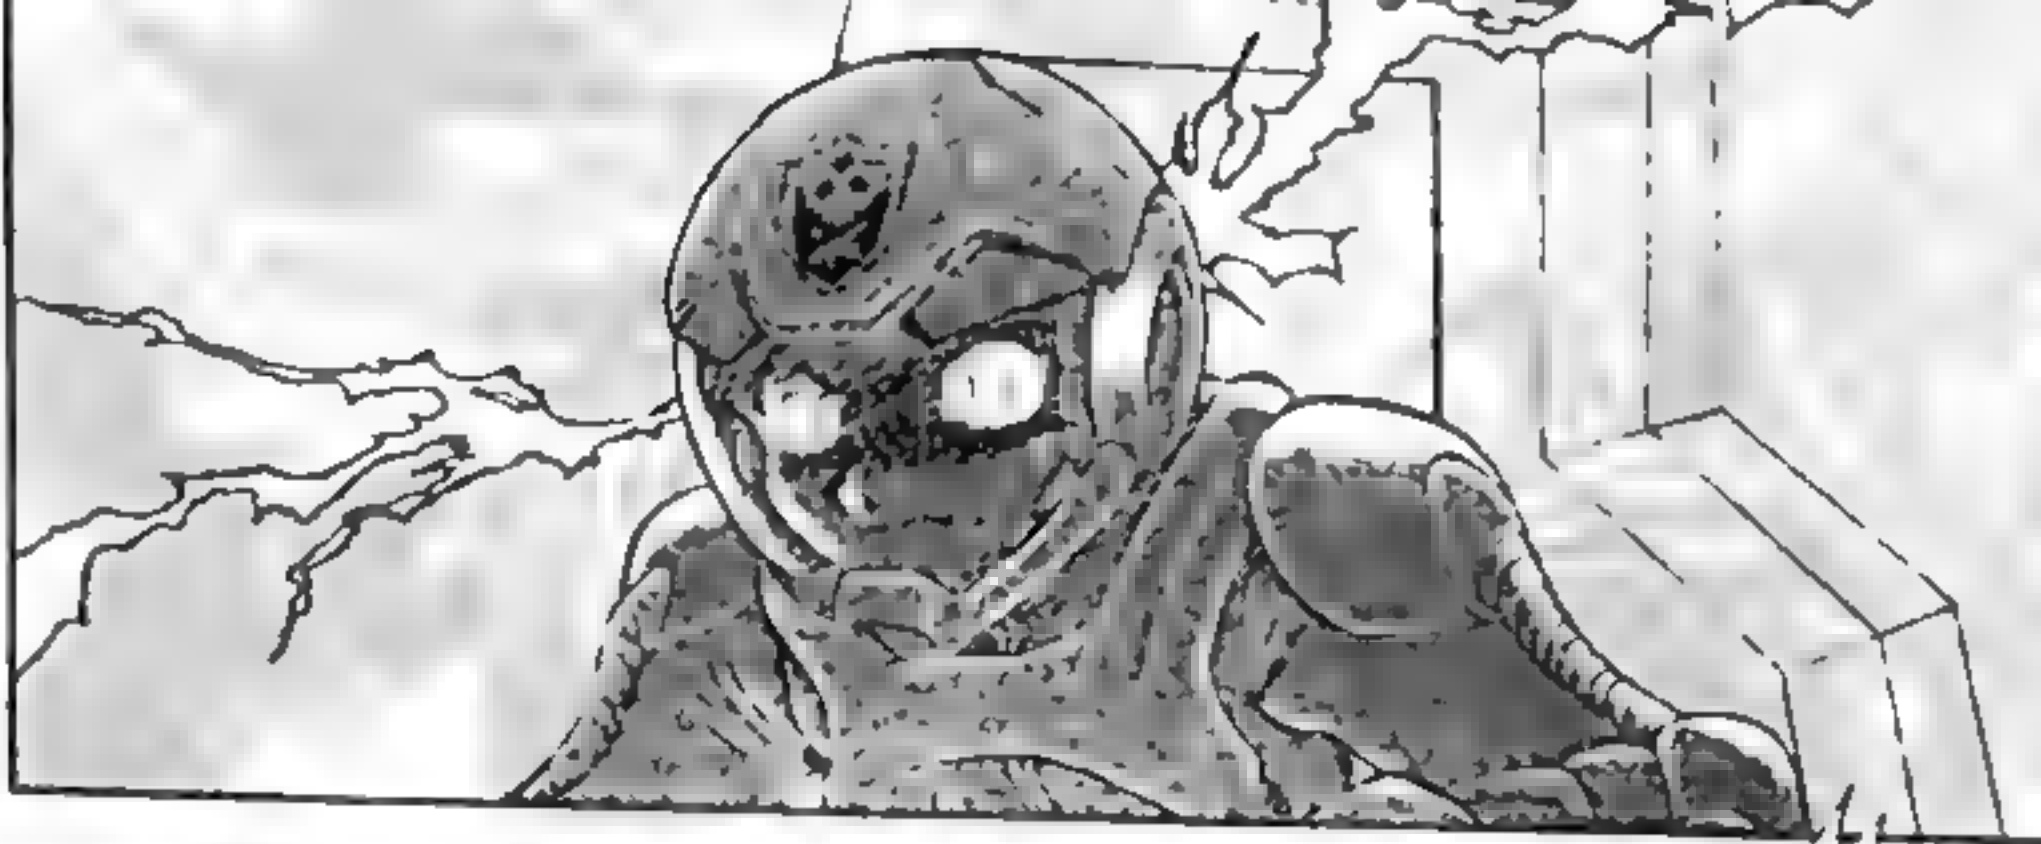

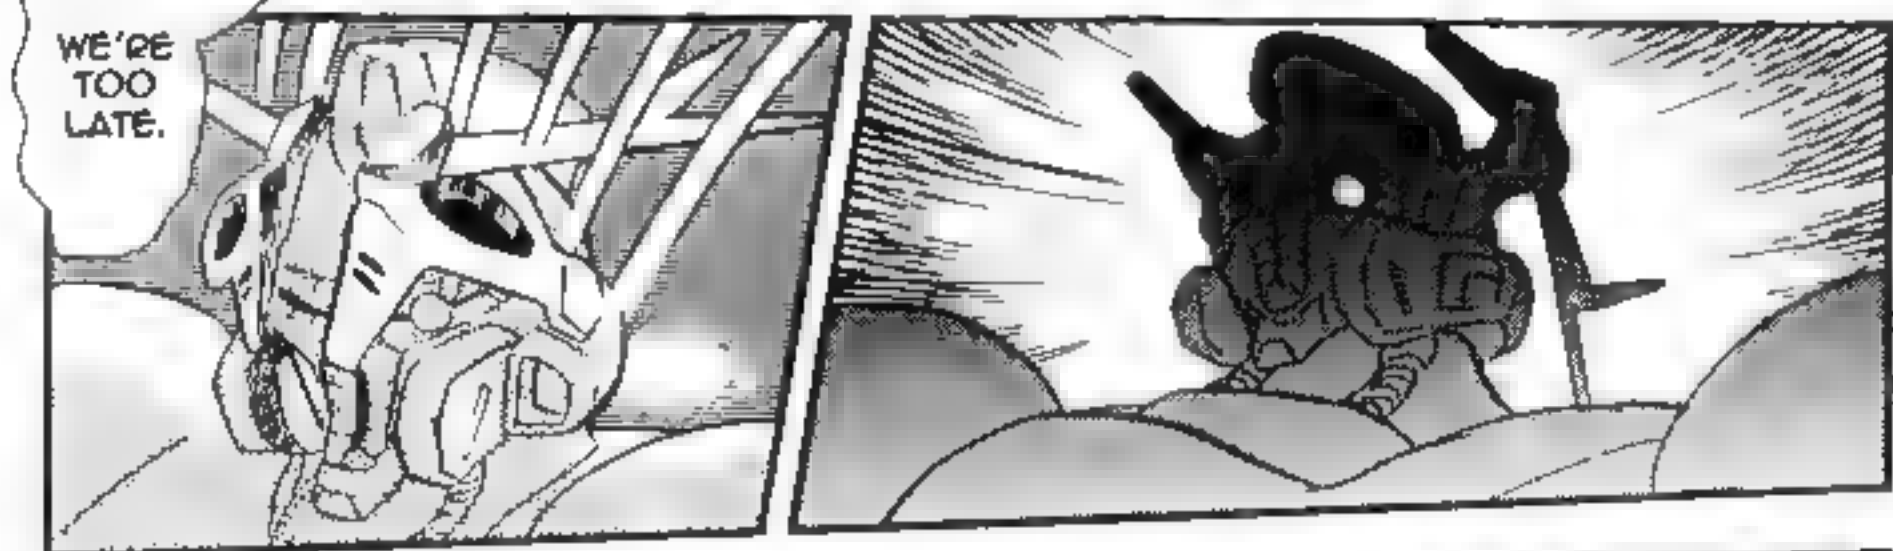

THEY'RE
NOT
MAKING
THE
ULTIMATE
SOLDIER

...
THEY
HAVE THE
ULTIMATE
SOLDIER!

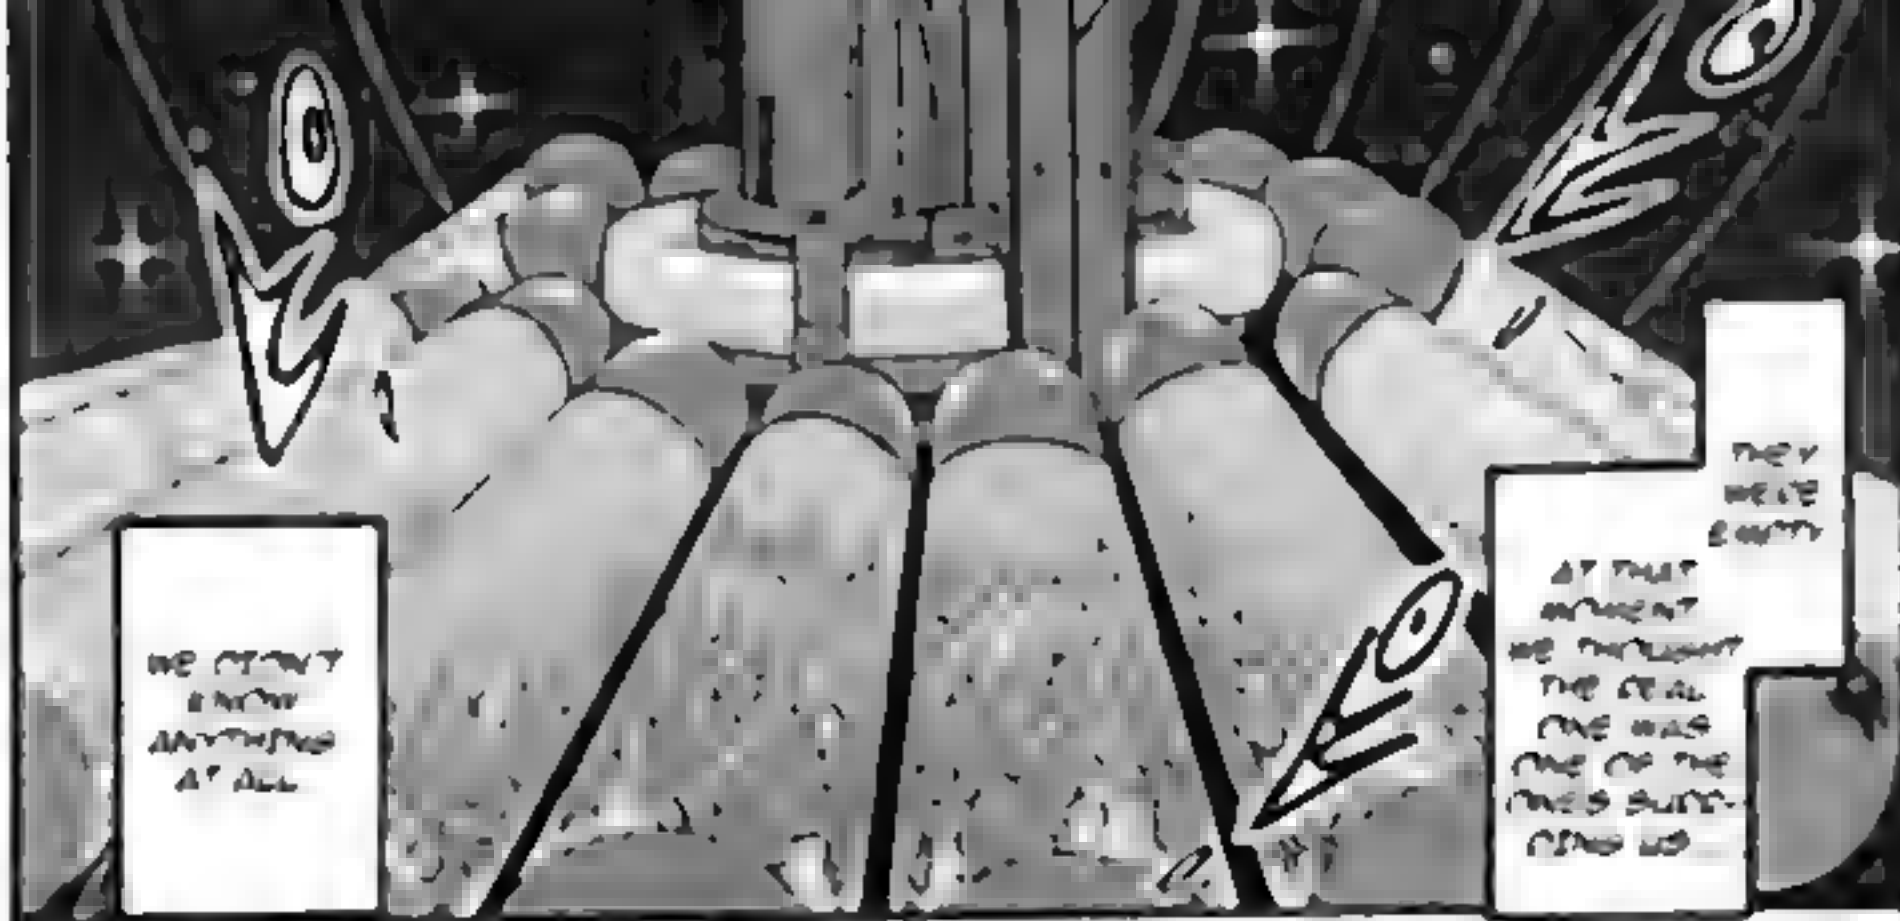

IT SEEMS
THEY'VE
SOMEHOW
MADE ONE..

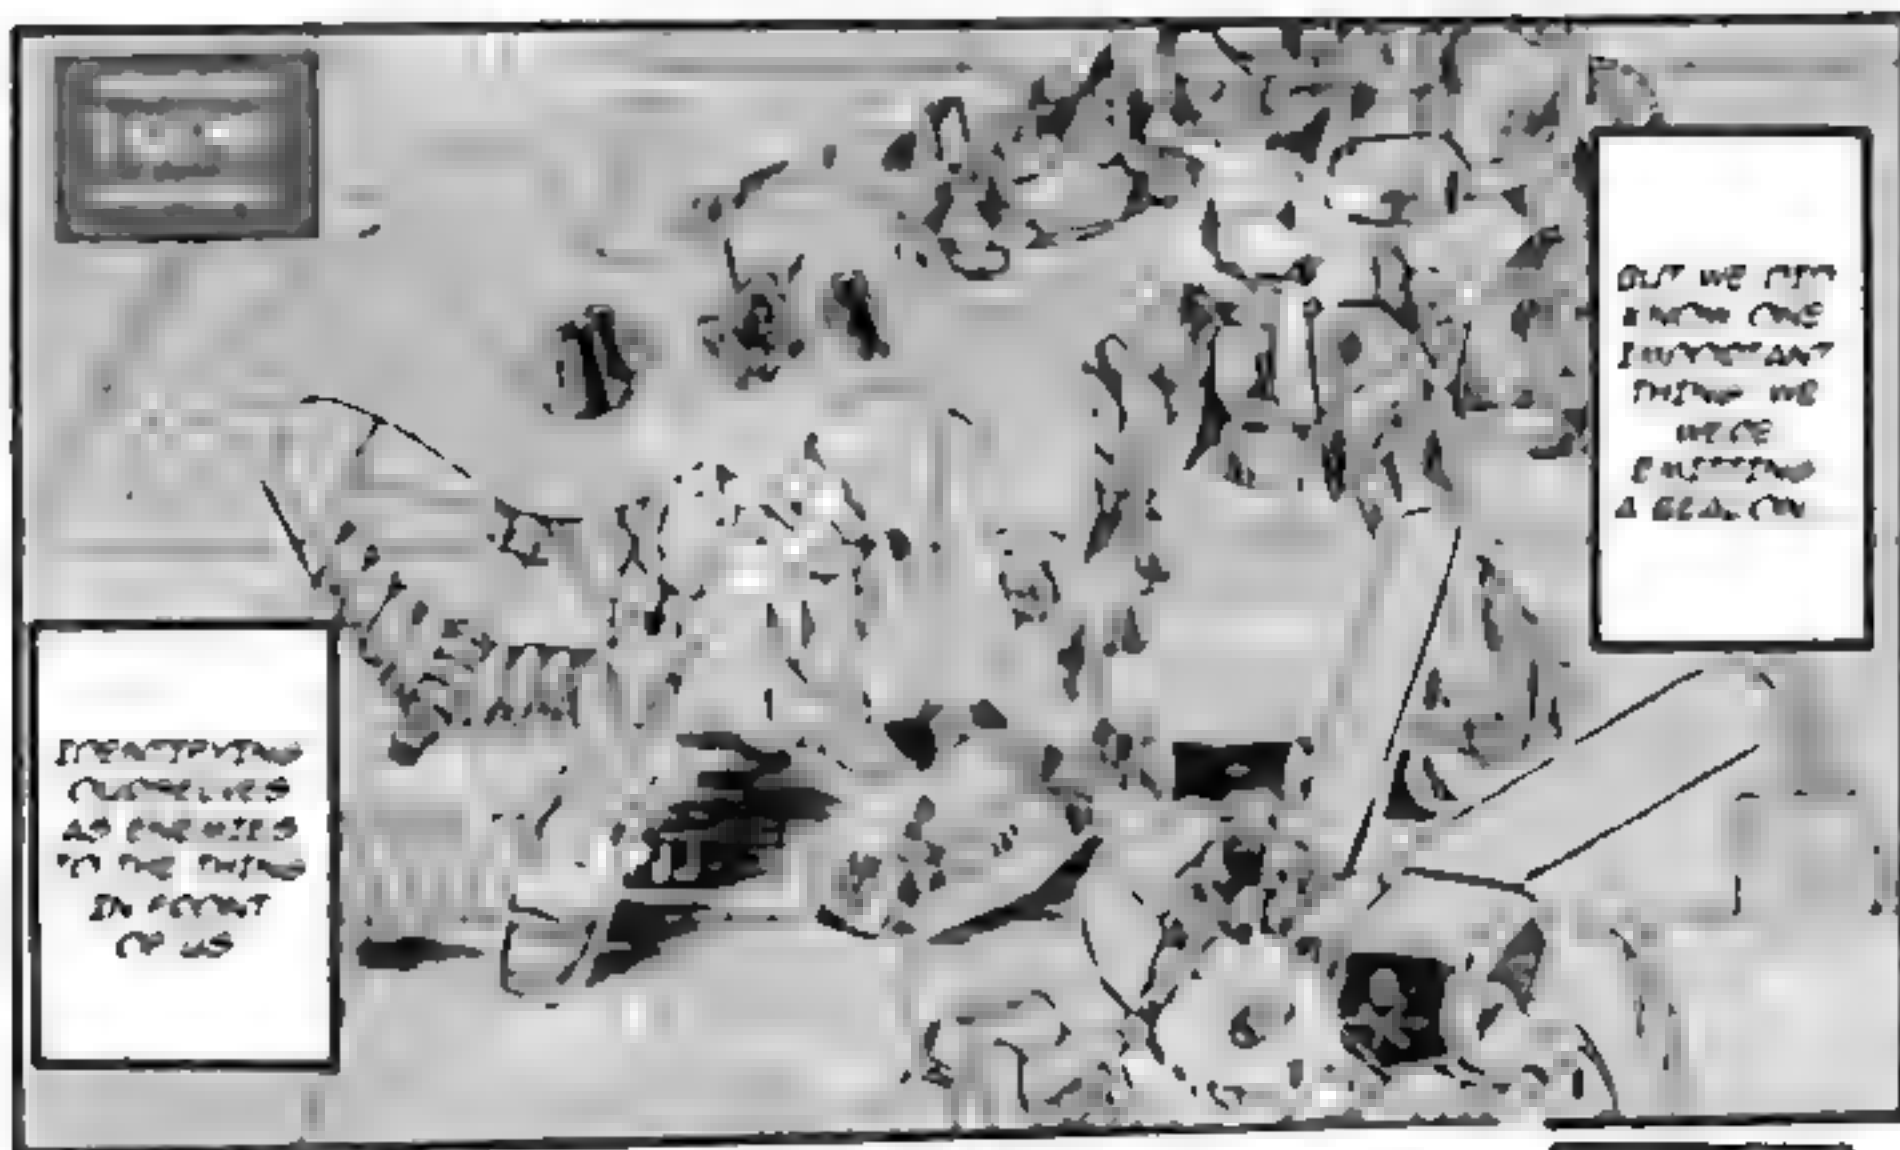

THAT CAN
MOVE
THAT
THING!

WE COULDN'T
KNOW
ANYTHING
AT ALL

THEY
WERE
EMPTY

AT THAT
MOMENT
WE THOUGHT
THE SEAL
ONE WAS
ONE OF THE
ONES SURVIV-
ING US

IDENTIFYING
OURSELVES
AS ENEMIES
TO THE THING
IN FRONT
OF US

BUT WE KNEW
A NEW ONE
IMPORTANT
THING WE
WERE
ENCOUNTERING
A SEALION

IT KNEW
WHAT
TO DO

PI

PI

AND IT
THOUGHT IT
KNEW WHAT
SHOULD I DO
WITH THESE
"ENEMIES"

### CROSSBONE GUNDAM X-1 KAI KAI ("SKULL HEART")

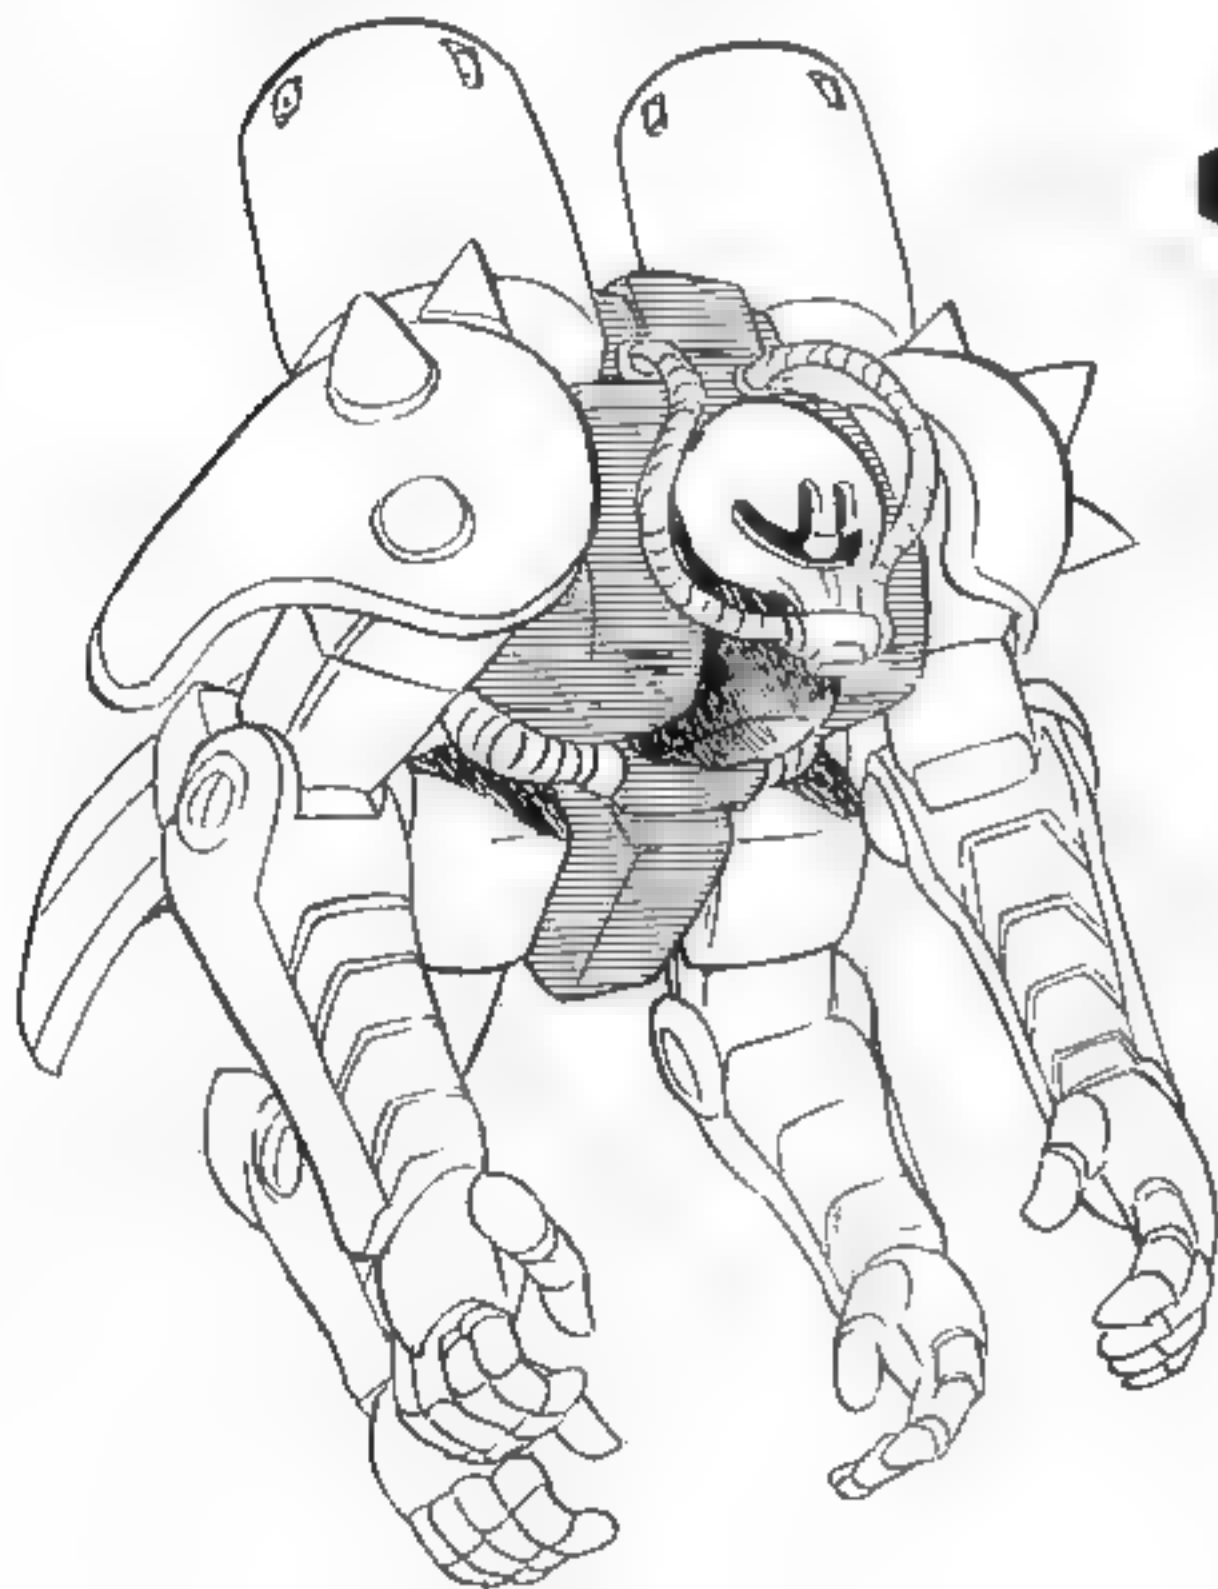

After the Jupiter War, the X1 Kai was remodeled as a space pirate suit. The Crossbone Gundam's frame is the latest experimental unit developed by SNRI (The details are uncertain, but by itself, its flight speed and range of operation are assumed to be the same as their trial unit's), and was produced in very limited numbers in secrecy. Its front-right waist portion is armed with a Scissor Anchor, its lower-left with a Screw Whip. X-1 and X-1 Kai had these equipped more towards their centers. Its most outstanding feature is the skull relief emblazoned on its chest, which took the place of the off-blue coat of arms previously used, completing the design. A civilian from the colonies saw its exterior and dubbed it "Skull Heart."

## **B GUNDAM (CUSTOM BALL)**

A unit customized by its pilot, Umon Samon. Equipped with useless armor that throws it off balance. In order not to cut correspondence from the unit's OS, before the modification it experienced a remarkable downgrade (At least it's menacing). Permission for the modifications was never given, and those in charge have stricken it from the records, making it a phantom unit.

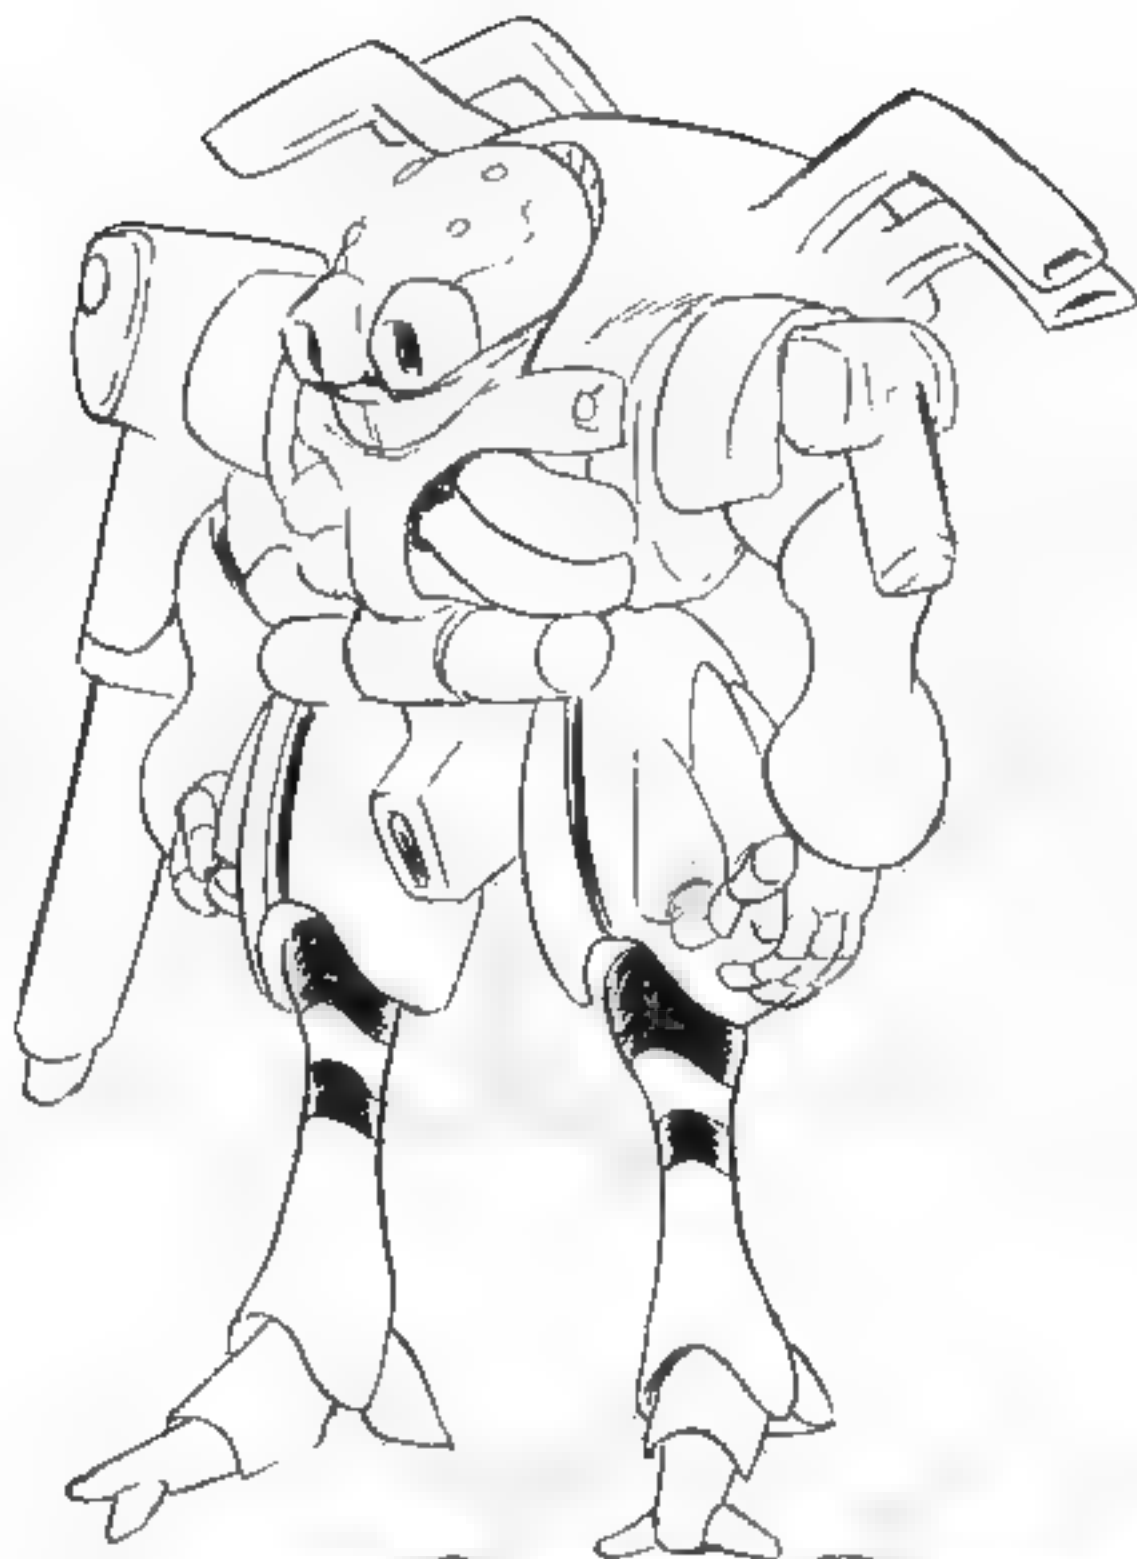

## **BARBUS (MS-06MS) [MONKEY CUSTOM]**

A unit customized for the purpose of manipulation by primates. Although the pilots are monkeys, they can handle more weaponry than humans, as the suit's legs are modified to be used as manipulators. It uses Gelgoog-model beam rifles, and its output has been improved with magnetic coating. Zeon lost contact with Satellite E before U.C. 0080. Since then, they worked to make these suits more powerful, but of course that's not something the pilots think about.

## ARANA (EMS-12)

A very small unit, standing only about 10m tall. A completed one was not seen during the Jupiter War. However, the Jupiter Empire had plans to mass produce them. Its special feature is on its back: fin nozzles that can shoot in all directions, the pride of this unit over taller ones. Additionally, during the Jupiter War, one of the Death Gales' suits, the Abijo, was based off of this unit's frame.

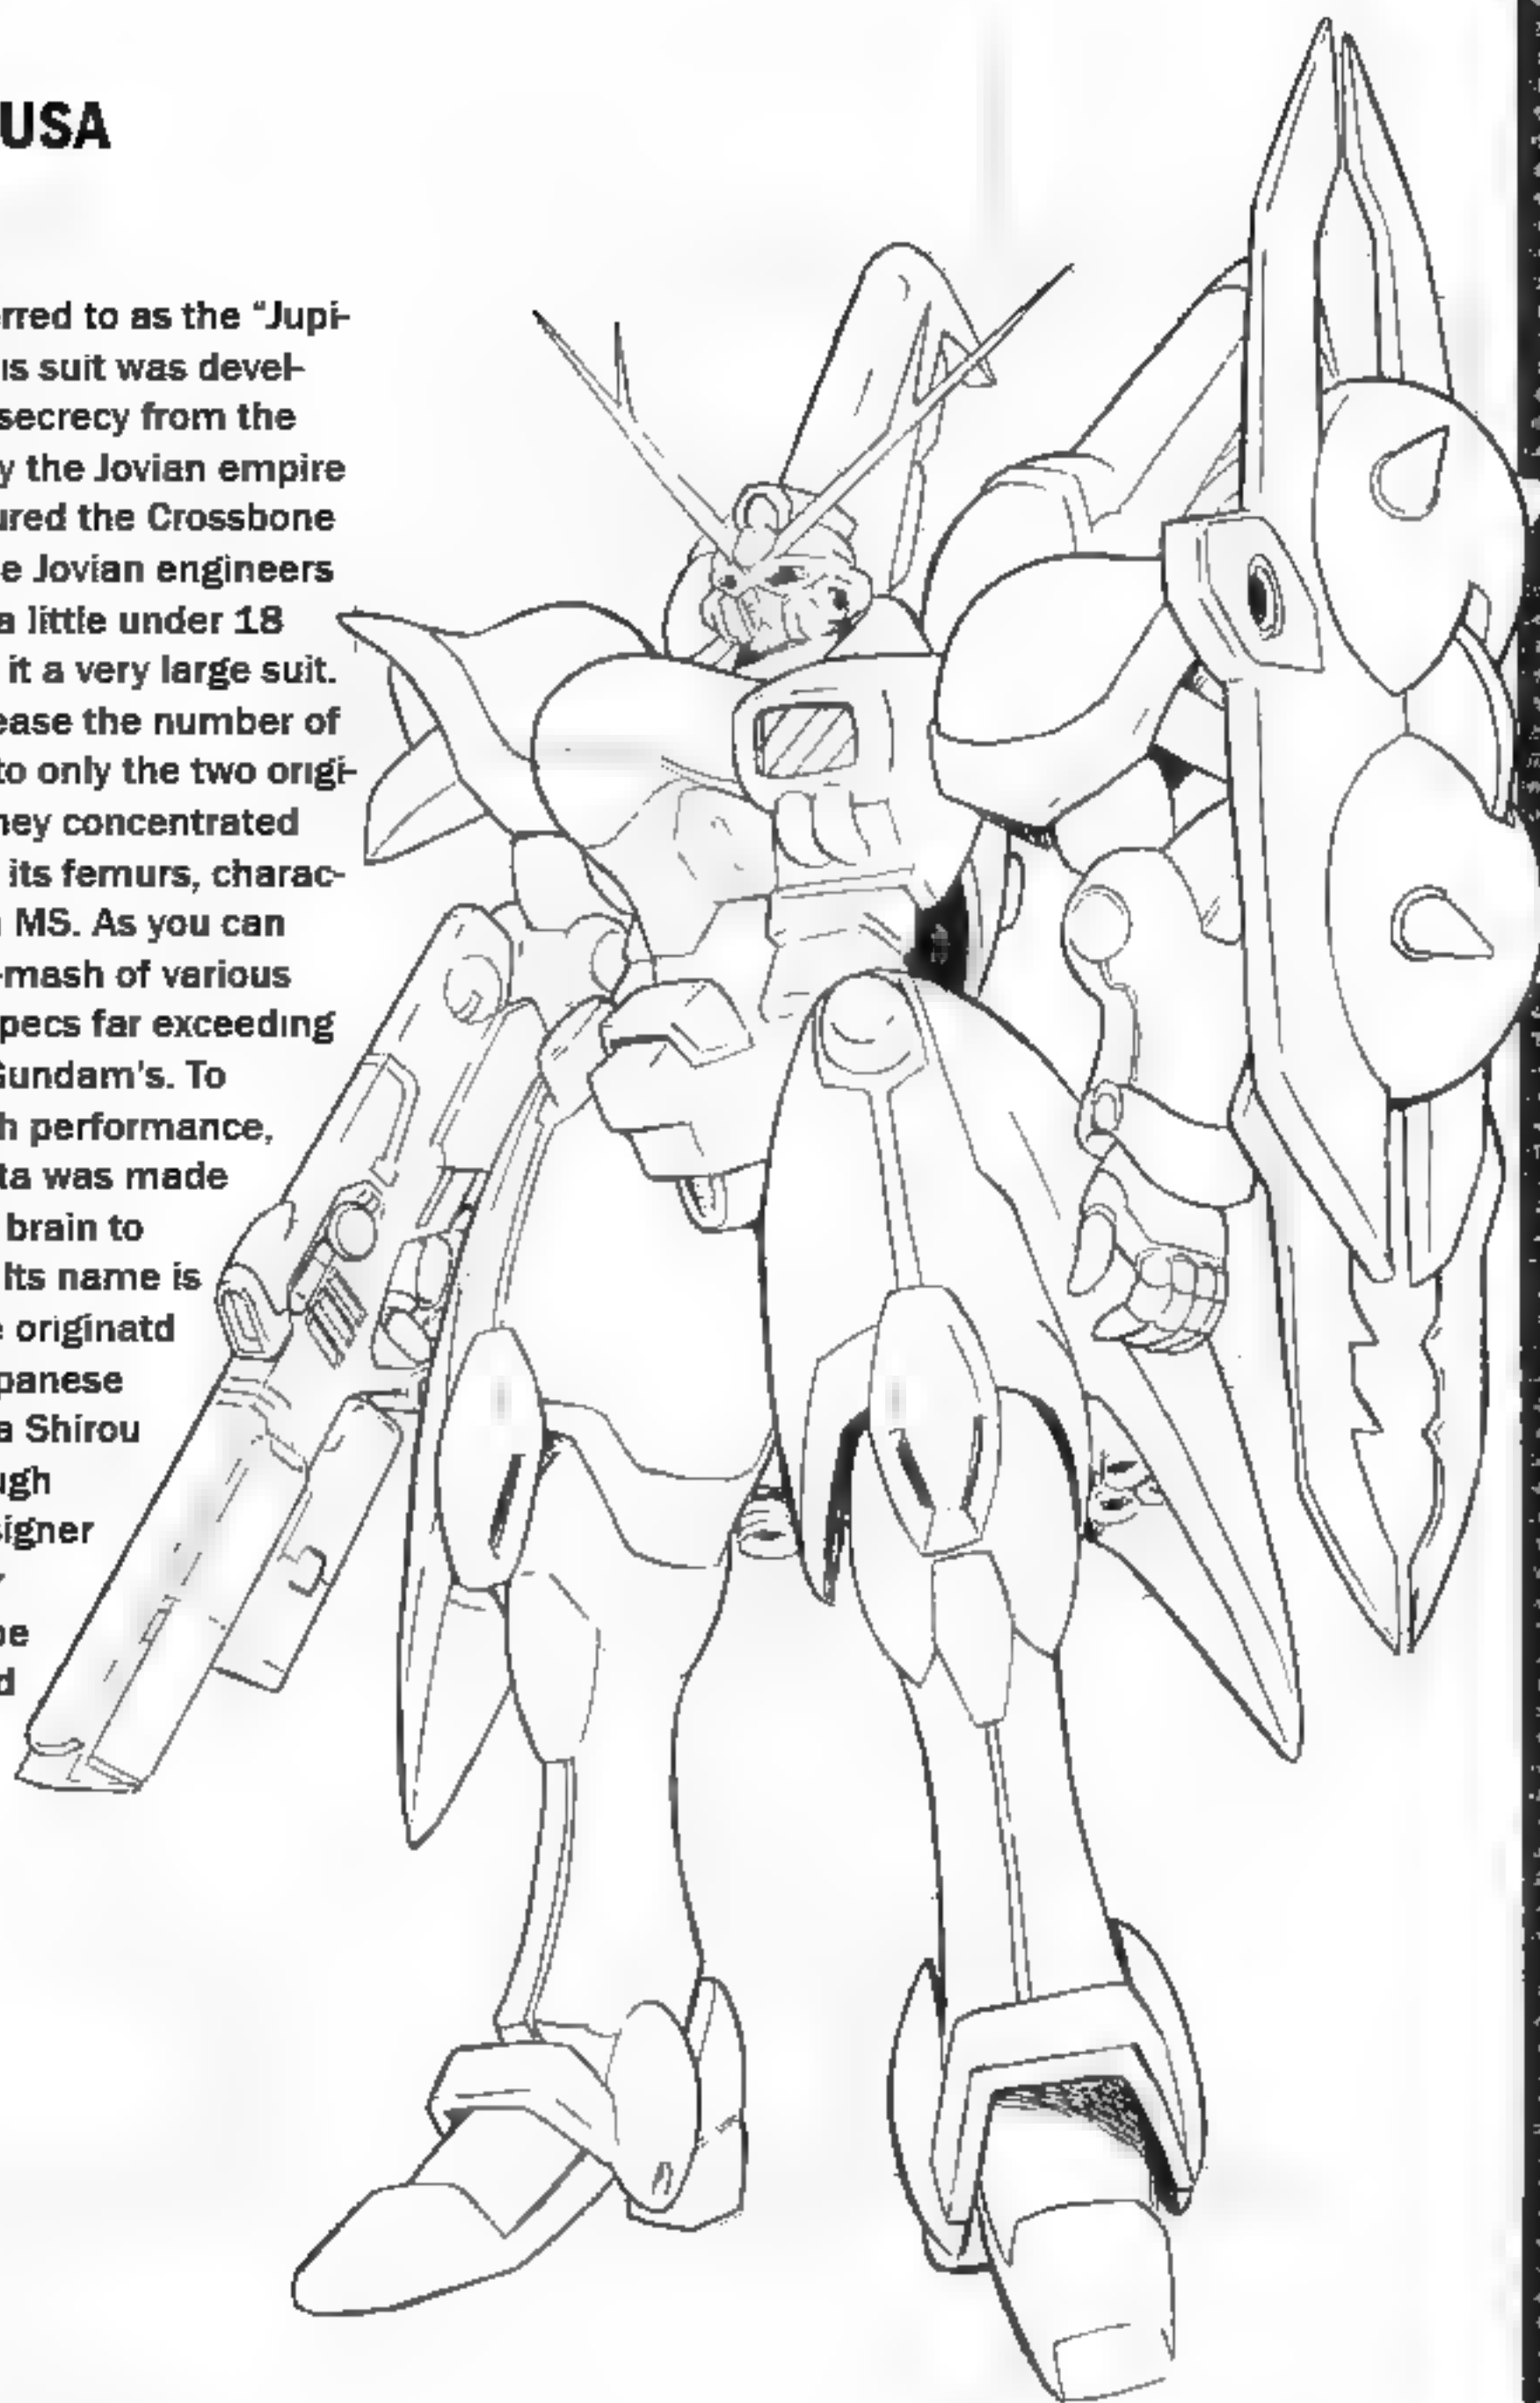

## ARANA BATARA (EMS-06-P)

In order to manufacture the Arana, a prototype was built partially with Batara parts. It uses an experimental balancer. It has a special weapon, the String Gun. Survivors of the Jupiter Empire, remembering the pirates' repeated actions, equipped this weapon with the thought of using it against the ones who had claimed so many of their lives. It also has 7 beam sabers installed, 3 of which are attempts to re-create Muramasa blasters; which, of course, are original to this group of remnants.

## AMAKUSA

Sometimes referred to as the "Jupiter Gundam," this suit was developed in utmost secrecy from the data obtained by the Jovian empire when they captured the Crossbone Gundam X-2. The Jovian engineers built it to stand a little under 18 meters, making it a very large suit. In order to decrease the number of chest thrusters to only the two originally planned, they concentrated the thrusters on its femurs, characteristic of Jovian MS. As you can see, it is a mish-mash of various elements with specs far exceeding the Crossbone Gundam's. To handle such high performance, Amuro Ray's data was made into an artificial brain to handle the suit. Its name is believed to have originated from ancient Japanese martyr Amakusa Shirou Tokisada, although whether the designer used that as her inspiration will be forever shrouded in mystery.

**CONGRATULATIONS ON THE 10TH  
ANNIVERSARY OF CROSSBONE.  
KEEP UP THE GOOD WORK!**
